Mom's Guide

Week of Nov 3–7, 2026

Mom

This Week at a Glance

Every kid has **one packet** with the whole week in order: **Day 1 (Tue) → Day 5 (Sat)**. Inside each day the order is always the same: Morning Work → core subjects → Multiplication / Skip Count → Speech → Geography → Elective. Each day starts on a fresh sheet so you can pull one day at a time if you want. Shared pages (geography, electives, multiplication, speech) are already copied into each kid's packet — no extra copies needed.

Printing: print double-sided, "flip on long edge." Nothing uses yellow ink. To save ALL color ink, choose "Grayscale" in your printer settings — every page still works in black and white.

Kid	What's in the packet
Nevaeh (8th)	Morning (Gideon) · **Math Crash Course Week 1 of 12** (whole numbers & order of operations) · English: building better sentences · Science: atoms & periodic table · History: Thirteen Colonies · Multiplication W2 · Geography W2 (Tier C) · Electives W3 (Tier C)
Nylah (7th)	Morning · **Math Crash Course Level 2** (place value, regrouping, rounding) · English: parts of speech · Science: cells · Civics: three branches · Multiplication W2 · Geography (Tier C) · Electives (Tier C)
Naomi (4th)	Morning · Math: big numbers · English: nouns · Science: food chains & webs · Florida History: first peoples · Multiplication W2 · Geography (Tier B) · Electives (Tier B)
Nariah (2nd)	Morning · Math Level 1 continued (regrouping + time) · English: short vowels, nouns, verbs · Science: butterfly life cycle · Social Studies: first Thanksgiving · Multiplication W2 · Speech Stars W2 (cont.) · Geography (Tier A) · Electives (Tier A)
Titus (K)	Morning · Math: numbers to 20, add & take away · Letters: Mm & Ss · Science: 5 senses · Skip Count Stars W2 · Speech Stars W2 (cont.) · Geography (Tier A) · Electives (Tier A)
Nayeli (Pre-K)	Mini morning sheet · Pre-K shape of the day (dot marker, trace, sticker) · her own Skip Count Stars & Speech Stars pages

Supplies

All week: dot markers, stickers, crayons/colored pencils, counting bears, a small mirror (speech), globe/atlas (geography). **Tue:** milk (whole is best), shallow plates, food coloring, dish soap, cotton swabs. **Wed:** colored or kid-painted paper, scissors, glue sticks, cardstock. **Thu:** just the QR music. **Fri:** blank cards or folded paper, envelopes, stamps if mailing. **Sat:** backyard, timer, water bottles. **Science:** Naomi's backyard hunt (Day 4), Titus's taste test foods (Day 3: banana/apple, lemon, pretzel, pickle) and a mystery bag (Day 4). **Nevaeh & Nylah:** a periodic table (online is fine) for Nevaeh on Day 3.

DAY 1 · Tuesday

Week of Nov 3–7, 2026

Mom

Teaching Together — Lesson Plans

Order of the day for together subjects: Multiplication → Speech → Geography → Elective. About 10–15 minutes each.

Multiplication Mastery · The 5s

Plan: Chant the 5s table together 3 times (clap on each answer). Cover it and go around the room — each kid says the next fact. Then pages. Titus & Nayeli: count by 10s on their Skip Count Stars page.

Speech Stars · Bunny Teeth Buzz: V (Nariah, Titus, Nayeli)

Plan: Mouth Gym (1 min). Review bunny-teeth F from last time: "fff" ×5. Then V: same bunny teeth, voice on — hands on throats to feel the buzz. Go down the V word list; color a star for each good one. Mirror helps.

Geography · The 7 Continents

Goal: Everyone can name and point to the 7 continents.

Gather: Globe, atlas, the Geography page for each kid, dot markers for Titus & Nariah.

Teach (5 min): Spin the globe: "Land or water?" Explain a continent is a giant piece of land. Point to each continent and say its name together (North America, South America, Europe, Asia, Africa, Australia, Antarctica). Point out that Europe and Asia are one big piece of land with a border drawn between them.

Do together: Continent call-out: you name one, the kids race to touch it on the globe. Big kids answer: biggest? (Asia) smallest? (Australia) coldest? (Antarctica)

Worksheets: Tier A (Titus & Nariah): dot each continent while you say the names, trace 7, color North America. Tier B (Naomi) & C (Nevaeh, Nylah): label the map; Tier C adds the fast-facts table.

Ask: Which continent do we live on? Which one would you like to visit and why?

Kitchen Science Lab · Magic Milk

Gather: Shallow plates (one per kid or pair), milk (whole is best), food coloring, dish soap in a small cup, cotton swabs, paper towels.

Before: Ask: what do you think will happen when soap touches the milk? Have everyone predict (Tier A draws it).

Steps: 1) Pour milk just to cover the plate. 2) Add 4–6 drops of different colors near the center. 3) Dip a swab in soap and touch the middle — hold it there 10 seconds. 4) Watch! 5) Try touching other spots. 6) Older kids: repeat with skim milk or water and compare.

Explain: Milk's surface is like a stretched skin (surface tension). Soap weakens it where it touches, so the colors get pulled away. Soap also chases the fat in the milk, which keeps it swirling — that's why whole milk works best.

Tiers: A: predict & draw, slow/fast checkbox, trace "milk." B: hypothesis, observations, conclusion. C: full explanation + variable test.

DAY 2 · Wednesday

Week of Nov 3–7, 2026

Mom

Teaching Together — Lesson Plans

Order of the day for together subjects: Multiplication → Speech → Geography → Elective. About 10–15 minutes each.

Multiplication Mastery · The 10s

Plan: Chant the 10s table 3 times. Quick oral quiz: you say "10 times 7," they shout the answer. Then pages. Titus & Nayeli: count by 5s and dot the numbers that end in 5 or 0.

Speech Stars · Bunny Tails: F & V at the End (Nariah, Titus, Nayeli)

Plan: Mouth Gym. Bunny tails — the sound comes at the END. Say each word slowly, stretching the last sound (lea-fff, fi-vvv). Watch for dropped endings ("lea" for leaf).

Geography · The 5 Oceans

Goal: Name the 5 oceans and know the Atlantic is ours.

Gather: Globe, a bowl of water with salt (let them taste a drop!), blue crayons.

Teach (5 min): Ocean water is salty — taste test! Oceans cover about 71% of Earth (spin the globe — mostly blue!). Name the 5: Pacific, Atlantic, Indian, Arctic, Southern. They're all connected — one big world ocean with 5 names.

Do together: Trace a finger from Jacksonville across the Atlantic to Africa. Then find the Pacific — the biggest. Ask: which ocean is frozen? (Arctic) Which circles Antarctica? (Southern)

Worksheets: Tier A: color the water blue while you say the ocean names, trace "ocean." Tier B/C: label oceans A–E; Tier C adds the fast-facts table.

Ask: If you sailed east from our beach, what ocean would you be on? What would you reach?

Artist Study · Henri Matisse · Painting with Scissors

Gather: Colored paper (or let kids paint plain paper with watercolors first and let it dry), scissors, glue sticks, cardstock. Search "Matisse The Snail" to show the real piece.

Before: Play the Matisse story QR. Show The Snail and ask: what shapes do you see? How do they make a spiral?

Steps: 1) Cut freely — no drawing first (Matisse "drew with scissors"). 2) Make at least 8 shapes: leaves, stars, squiggles, rectangles. 3) Arrange them on the page BEFORE gluing; move things around. 4) Glue. 5) Give the piece a title.

Talk about: Organic shapes (curvy, like leaves) vs geometric shapes (squares, triangles). Matisse kept making art after his illness — God gives creativity in every season.

Tiers: A: free collage in the box. B: why cut-outs + organic vs geometric + title. C: same plus explain one design choice.

DAY 3 · Thursday

Week of Nov 3–7, 2026

Mom

Teaching Together — Lesson Plans

Order of the day for together subjects: Multiplication → Speech → Geography → Elective. About 10–15 minutes each.

Multiplication Mastery · 5s & 10s Mix-Up

Plan: Chant both tables once. Flash-card round with 0s, 1s, 2s, 5s, 10s. Then the 30-fact page — have them circle and re-write any they hesitated on. Titus & Nayeli: hands count by 5s.

Speech Stars · Kitty Tails: K at the End (Nariah, Titus, Nayeli)

Plan: Mouth Gym. Kitty tails — K at the end, made at the back of the mouth. Model a crisp "k!" Watch for dropped K ("boo" for book) or T instead of K ("boot"). Clock/chicken game for fun.

Geography · Hemispheres

Goal: Understand the equator, prime meridian, and the four hemispheres.

Gather: Globe, an orange (or ball) and a marker, a knife for Mom.

Teach (5 min): Draw a line around the middle of the orange — the equator, like a belt. Cut along it: two halves = Northern and Southern Hemispheres. On another orange, draw a line top to bottom — the prime meridian — and cut: Eastern and Western Hemispheres. Every place is in one N/S half AND one E/W half.

Do together: Find Florida on the globe: north or south of the equator? (North) East or west of the prime meridian? (West) Repeat with Australia and Japan.

Worksheets: Tier A: trace the equator belt and color North/South. Tier B/C: hemisphere table; Tier C adds the explain question.

Ask: Why is it summer in Australia when it's winter here? (Older kids — tilt of the Earth; preview for later.)

Musician Study · Tchaikovsky · The Nutcracker

Gather: The QR music on your phone or TV; scarves or ribbons for the littles (optional).

Before: Tell the Nutcracker story in 1 minute (or play the story QR): Clara, the nutcracker, the Mouse King, the Land of Sweets.

Steps: 1) Play "Dance of the Sugar Plum Fairy" — eyes closed. Ask: what instrument sounds like tiny bells? (the celesta) 2) Play it again: littles draw or tiptoe, big kids fill in the listening table. 3) Play "Russian Dance (Trepak)" — fast and loud! Everyone dance. 4) End with "Waltz of the Flowers."

Fun fact: Tchaikovsky found the celesta in Paris and kept it a secret so other composers wouldn't use it first.

Tiers: A: draw to the music, fast/slow & loud/soft. B: listening table + celesta question + draw the Land of Sweets. C: listening table + how music tells a story.

DAY 4 · Friday

Week of Nov 3–7, 2026

Mom

Teaching Together — Lesson Plans

Order of the day for together subjects: Multiplication → Speech → Geography → Elective. About 10–15 minutes each.

Multiplication Mastery · Word Problems + Speed Drill

Plan: Read the word problems out loud together for Nariah. Then time the 2-minute speed drill and write the time on the page. Titus & Nayeli: ten-frame towers.

Speech Stars · Phrases & Sentences (Nariah, Titus, Nayeli)

Plan: Mouth Gym. Phrases — slow and clear. Nariah reads the sentences; Titus & Nayeli echo after you. Praise effort, not just perfect sounds.

Geography · Latitude & Longitude

Goal: Use grid lines to find places; older kids read latitude and longitude.

Gather: Globe or atlas world map with grid lines; painter's tape optional for a floor grid.

Teach (5 min): Make a grid on the floor with tape or chairs: rows A–C and columns 1–3. Hide a toy at "B2" and let kids find it. That's how map lines work! Latitude lines run side to side (like a ladder's rungs) and tell how far north or south. Longitude lines run top to bottom and tell how far east or west. Say latitude first.

Do together: Find 30°N, 82°W on the globe — that's us! Then let older kids pick a coordinate for the little ones to find.

Worksheets: Tier A: grid treasure hunt. Tier B/C: read the coordinates of points A–E; Tier C adds the hemisphere challenge.

Ask: Why do pilots and ship captains need latitude and longitude?

Life Skills Club · Thank-You Notes & Envelopes

Gather: Blank cards or folded paper, envelopes, a stamp or two, your address book.

Before: Let each kid choose a real person to thank (grandparent, Sunday school teacher, Pastor, a friend who gave a gift). Show them a thank-you note you've received if you have one.

Steps: 1) Go over the 5 parts: greeting, thank them for the specific thing, how you used it/why it mattered, a kind sentence, closing + name. 2) Draft on the worksheet. 3) Copy onto the real card. 4) Address the envelope together: return address top left, their address in the center, stamp top right. 5) Mail them this week!

Tiers: A: trace "Thank you," draw a picture, trace name to sign — you write the words. B: draft with the 5 parts + practice envelope. C: same with formal titles & abbreviations.

DAY 5 · Saturday

Week of Nov 3–7, 2026

Mom

Teaching Together — Lesson Plans

Order of the day for together subjects: Multiplication → Speech → Geography → Elective. About 10–15 minutes each.

Multiplication Mastery · Saturday Checkpoint

Plan: Checkpoint: 40 facts, 4 minutes. 32+ = pass. Note any missed facts for Monday practice. Titus & Nayeli: dot-to-dot by 10s, then count to 100 by 10s and 50 by 5s for you.

Speech Stars · Game Board Review (Nariah, Titus, Nayeli)

Plan: Game day! Roll and move; say the word on the square. Fill in your check at the bottom: which sounds are solid, which need more practice next week.

Geography · Where in the World Is Jacksonville?

Goal: Put it all together: describe exactly where we live.

Gather: Globe, atlas, a Florida or Jacksonville map if you have one.

Teach (5 min): Play "zoom in": Earth → North America → United States → Florida → Jacksonville → our street. Point out the St. Johns River running through Jacksonville and the Atlantic Ocean to the east.

Do together: Quick review game: you call out a word (continent, ocean, equator, Pacific, Asia, prime meridian) and the kids point to it on the globe.

Worksheets: Tier A: color North America, find the star, trace Florida, show-me checklist. Tier B/C: the "where we live" table; Tier C adds three challenge questions.

Ask: Week 2 done! Which was hardest — continents, oceans, hemispheres, or coordinates?

PE Day · Animal Walk Olympics

Gather: Backyard, a timer, water bottles. Mark a start and finish line.

Before: Warm up: 20 jumping jacks, arm circles. Older kids take their pulse (count 15 seconds × 4).

Steps: Run each event: bear crawl, crab walk, frog jumps, inchworm, flamingo balance, kangaroo hops, bunny hops, gorilla shuffle. Round 1 for a score, water break, then Round 2 to try to beat it. Older kids record times/counts; littles earn a medal on their sheet for each one.

Cool down: Slow walk around the yard, then stretch. Older kids take their pulse again and compare.

Tiers: A: medal checklist + favorite animal. B: score table + hardest walk. C: score table + heart rate + muscles worked.

Mom's Guide

Week of Nov 3–7, 2026

Mom

Morning Work

Morning Work — Gideon

Theme this week: **Gideon**. Memory verse for everyone: **Joshua 1:9 (ESV)** — the littles say the second half.

Day	Reading	Story	Greek · Word
Day 1	Judges 6:1–16	God Calls Gideon	dunamis · Courage
Day 2	Judges 6:25–32	Tearing Down the False Altar	hupakoē · Obey
Day 3	Judges 6:36–40	The Fleece	pistis · Trust
Day 4	Judges 7:1–8	From 32,000 to 300	doxa · Glory
Day 5	Judges 7:15–22	Trumpets, Jars & Torches	nikē · Victory

Joshua 1:9 ESV song

Gideon story video

Speech Stars

Speech Stars Week 2, continued — Bunny Teeth & Tails (10 minutes a day). You finished Lesson 1 (bunny teeth F), so this week picks up with V, then F/V and K at the ends of words. TH ("tongue peek") moves to a later week.

Nevaeh's Math Crash Course — 12-week roadmap

No pre-test — she starts at Week 1 and each Saturday checkpoint (80% to pass) decides whether we move on or re-teach. Her Core Studies math is now this crash course.

1. **Week 1:** Whole numbers & order of operations
2. **Week 2:** Fractions: all four operations
3. **Week 3:** Decimals & money
4. **Week 4:** Ratios, rates & unit rates
5. **Week 5:** Percents (discount, tax, tip)
6. **Week 6:** Integers & the number line
7. **Week 7:** Expressions & the distributive property
8. **Week 8:** One- and two-step equations & inequalities
9. **Week 9:** Exponents, square roots & scientific notation
10. **Week 10:** Geometry: angles, area, volume
11. **Week 11:** Slope & linear functions (graphing lines)
12. **Week 12:** Pythagorean theorem + data & statistics

Nylah's Math Crash Course

Picking up her 7-level ladder (K → 7th) at **Level 2** (2nd–3rd grade skills: place value, regrouping, rounding). No placement test — if she passes Saturday's checkpoint (10 of 12), Level 3 is multiplication & division. Her Core Studies math is now this crash course.

Mom's Guide

Week of Nov 3–7, 2026

Mom

Answer Keys (1/9)

Nevaeh · Math Crash Course

Day 1 · Multi-Digit Multiplication: 1) 85×41=3,485, 64×47=3,008, 89×36=3,204, 82×13=1,066, 41×21=861, 78×12=936, 444×30=13,320, 857×34=29,138, 346×31=10,726, 818×20=16,360. Estimate ≈ 300×50 = 15,000 (actual 14,976).

Day 2 · Long Division: 1) 132, 2) 176, 3) 116, 4) 118, 5) 143, 6) 149 R11, 7) 33 R8, 8) 202 R4, 9) 164 R5, 10) 52

Day 3 · Order of Operations: 1) 20, 2) 36, 3) 17, 4) 6, 5) 22, 6) 18, 7) 2, 8) 25, 9) 60, 10) 4, 11) 15, 12) 40. Challenge: (3 + 5) × 2 = 16; 24 ÷ (4 + 2) = 4.

Day 4 · Exponents: 1) 9, 2) 32, 3) 1000, 4) 29, 5) 32, 6) 64, 7) 9, 8) 19, 9) 27, 10) 36, 11) 4, 12) 1. 7^4; 10^5. $2^4=16=4^2$; $2^3=8$ but $3^2=9$.

Day 5 · Checkpoint: 1) 1,972, 2) 16,238, 3) 216, 4) 186, 5) 5, 6) 80, 7) 81, 8) 40, 9) 9, 10) 38, 11) 9^3, 12) 1,728, 13) $127, 14) 8, 15) ≈ 10,000 (500 × 20), 16) 4

Nevaeh · English

Day 1 · Clauses: I, D, D, I, D, I, D, D. 9–11: answers vary (must add a complete thought).

Day 2 · Compound Sentences: 1) I wanted to go outside, but it started to rain. 2) Naomi can read the story, or she can listen to the audiobook. 3) The oven was hot, so we put the bread in. 4) Dad mowed the yard, and Titus raked the clippings. 5) He didn't like peas, nor did he like carrots. 6) We stayed home, for the roads were flooded. 7) varies. 8) Dad mowed the yard; Titus raked the clippings.

Day 3 · Complex Sentences: 1) After Dad got home, we ate dinner. / We ate dinner after Dad got home. 2) Since it might rain, I'll bring an umbrella. 3) Although her legs were tired, she kept running. 4) If you finish your vegetables, you can have dessert. 5) While we folded laundry, the baby slept. 6) complex.

Day 4 · Fragments & Run-Ons: 1 F, 2 RO, 3 F, 4 C, 5 CS, 6 F, 7 C, 8 RO. Fixes vary (e.g., I finished my math, so I started my essay. / We baked cookies; they were delicious.)

Day 5 · Week Review: 1) a clause with a subject & verb that expresses a complete thought. 2) until — dependent. 3) for, and, nor, but, or, yet, so. 4) The phone rang, but nobody answered it. 5) e.g., We studied there since the library was open late. 6) If you hear thunder, go inside. 7) compound. 8) simple. 9–10 vary.

Mom's Guide

Week of Nov 3–7, 2026

Mom

Answer Keys (2/9)

Nevaeh · Science

Day 1 · Inside an Atom: Proton + nucleus; Neutron 0 nucleus; Electron - electron cloud. 1) nucleus — protons & neutrons are much heavier than electrons. 2) equal numbers of + protons and - electrons cancel.

Day 2 · Atomic Number & Mass: C 6/6/6, O 8/8/8, Na 11/12/11, Al 13/14/13, Cl 17/18/17, Au 79/118/79 (protons/neutrons/electrons). 1) 31. 2) symbols can come from Latin names. 3) it becomes a different element.

Day 3 · The Periodic Table: 1) period = row, group = column (shared properties). 2) hydrogen, period 1, group 1. 3) e.g., helium, neon, argon — they rarely react/combine. 4) nonmetal; metalloid; metal. 5) yes — same group, similar properties (it reacts even more strongly). 6) Ca, K, Ag, Pb, Ne, Fe.

Day 4 · Elements, Compounds & Mixtures: water C, oxygen E, salt water M, gold E, CO_2 C, trail mix M, NaCl C, air M, iron E, sugar C. 11) 12 C, 22 H, 11 O = 45 atoms. 12) evaporate the water — the parts kept their own properties and separated physically. 13) varies.

Day 5 · Week Review: 1) proton +, neutron 0, electron -. 2) number of protons (identity). 3) 20. 4) row / column. 5) left and middle. 6) He, Cu, N. 7) oxygen, iron. 8) mixture, element, compound. 9) chemical bonding forms a new substance with new properties. 10) compound bonded (water), mixture not bonded (salad, salt water).

Nevaeh · History

Day 1 · Jamestown, 1607: 1) Virginia Company of London; gold/riches. 2) swampy land/disease, hunger/Starving Time, settlers unwilling to farm. 3) tobacco. 4) first representative (elected) government in the colonies. 5) opinion.

Day 2 · Plymouth & New England: 1) agreement to make and obey fair laws — early self-government. 2) Pilgrims separated from the church; Puritans wanted to reform it. 3) for religious freedom / separation of church and state. 4) rocky soil, cold → fishing, shipbuilding, lumber, trade. 5) a godly example the world would watch.

Day 3 · The Middle Colonies: 1) NY, NJ, PA, DE. 2) fertile soil grew lots of grain. 3) a colony with religious freedom for all and fair treatment. 4) the Dutch. 5) people persecuted elsewhere could worship freely. Table: rocky/cold vs fertile/mild; fishing, shipbuilding, trade vs farming grain, trade; mostly Puritan vs diverse/tolerant.

Day 4 · The Southern Colonies: 1) MD, VA, NC, SC, GA. 2) a crop grown to sell; tobacco, rice, indigo. 3) buffer against Spanish Florida. 4) refuge for Catholics. 5) every person has equal God-given worth and cannot be owned. Florida bordered Georgia.

Day 5 · Week Review: New England: MA, NH, CT, RI. Middle: NY, NJ, PA, DE. Southern: MD, VA, NC, SC, GA. Jamestown 1607; Mayflower Compact; William Penn, Quaker; Rhode Island; fishing/shipbuilding/trade; breadbasket; tobacco/rice/indigo; Georgia — debtors/buffer vs Spanish Florida; opinion.

Mom's Guide

Week of Nov 3–7, 2026

Mom

Answer Keys (3/9)

Nylah · Math Crash Course

Day 1 · Place Value Power: Expanded: 2,203 = 2000 + 200 + 3; 4,051 = 4000 + 50 + 1; 6,635 = 6000 + 600 + 30 + 5; 9,912 = 9000 + 900 + 10 + 2; 7,133 = 7000 + 100 + 30 + 3; 6,028 = 6000 + 20 + 8. 1) 7,000; 70. 2) 5,049; 8,306. 3) <, >, >. 4) 3,050; 7,204. 5) 4,031, 4,130, 4,301, 4,310.

Day 2 · Adding with Regrouping: 1) 524, 2) 640, 3) 457, 4) 648, 5) 432, 6) 450, 7) 5,216, 8) 4,144, 9) 8,054, 10) 7,428, 11) 846

Day 3 · Subtracting with Regrouping: 1) 244, 2) 361, 3) 226, 4) 482, 5) 209, 6) 232, 7) 444, 8) 563, 9) 3,217, 10) 1,448, 11) 325

Day 4 · Rounding & Word Problems: Rounding: 814: 810, 800; 290: 290, 300; 408: 410, 400; 518: 520, 500; 968: 970, 1000; 686: 690, 700. 1) ≈ 300 + 300 = 600 (exact 623). 2) 362. 3) ≈ $500 + $200 = $700; exact $704. 4) 617.

Day 5 · Level 2 Checkpoint: 1) 4,000, 2) 7,000 + 50 + 8, 3) 942, 4) 4,315, 5) 444, 6) 2,136, 7) 800, 8) 850, 9) 2,099, 2,909, 2,990, 10) 437, 11) 875, 12) ≈ 800; 801

Nylah · English

Day 1 · Nouns & Pronouns: 1) nouns Nylah, brother, book, courage; pronoun her. 2) nouns St. Augustine, Saturday; pronoun They. 3) nouns Grandma, pie; pronouns us, it. 4) nouns dog, mailbox; pronoun me. 5) me 6) She 7) me 8) we 9) them. 10) varies.

Day 2 · Verbs: 1 A, 2 L, 3 H, 4 L, 5 A, 6 H, 7 L, 8 H. 9) varies. 10) e.g., I feel the soft blanket (action) / I feel tired (linking). 11) blew; will blow.

Day 3 · Adjectives & Adverbs: 1) tired ADJ→kids, slowly ADV→walked. 2) quietly ADV→opened, squeaky ADJ→door. 3) extremely ADV→hot, hot ADJ→afternoon. 4) loudly, joyfully ADV→sang. 5) Seven, fluffy ADJ→chicks; yesterday ADV→hatched. 6) well 7) good 8) quickly 9) really. 10) varies.

Day 4 · Prepositions, Conjunctions & Interjections: 1) Wow (interj.); (over the fence) (into the garden); and. 2) (in the car); because. 3) (After church) (to the park); and. 4) Oh no (interj.); (off the counter). 5) (on the shelf) (under the bed); or. 6–7 vary. 8) noun, pronoun, verb, adjective, adverb, preposition, conjunction, interjection.

Day 5 · Week Review: 1 interjection, 2 pronoun, 3 adjective, 4 adverb, 5 preposition, 6 conjunction, 7 noun (proper), 8 verb (action), 9 verb (linking), 10 verb (helping). 11) He and I went fishing. 12) well. 13–15 vary.

Mom's Guide

Week of Nov 3–7, 2026

Mom

Answer Keys (4/9)

Nylah · Science

Day 1 · Cell Theory: 1) Robert Hooke, cork. 2) all living things are made of cells; cell is the basic unit; cells come from cells. 3) one cell (bacteria/amoeba) vs many cells (people, plants, dogs). 4) opinion.

Day 2 · Parts of an Animal Cell: Diagram: 1 cell membrane, 2 nucleus, 3 cytoplasm, 4 mitochondria, 5 ribosomes, 6 vacuole (accept lysosome). Jobs: nucleus, mitochondria, cell membrane, ribosomes, lysosomes.

Day 3 · Plant Cells: Animal only: small vacuoles (lysosomes). Plant only: cell wall, chloroplasts, large central vacuole. Both: nucleus, cell membrane, mitochondria, cytoplasm, ribosomes. 1) central vacuole loses water so cells lose firmness. 2) animals get energy by eating food instead of making it from sunlight.

Day 4 · Levels of Organization: Order: cell 1, tissue 2, organ 3, organ system 4, organism 5. stomach organ; red blood cell cell; digestive system organ system; golden retriever organism; muscle tissue tissue; lungs organ; nervous system organ system; skin cell cell. 14) e.g., respiratory: lungs, trachea — brings in oxygen.

Day 5 · Week Review: 1) all living things are made of cells; basic unit; cells come from cells. 2) Robert Hooke. 3) nucleus. 4) mitochondria. 5) cell wall, chloroplasts, large central vacuole. 6) controls what enters and leaves. 7) making food from sunlight; in chloroplasts. 8) cell, tissue, organ, organ system, organism. 9) unicellular. 10) e.g., muscle tissue; heart.

Nylah · Civics

Day 1 · The Constitution: Table: make laws — Congress; carry out laws — President/VP/Cabinet; interpret laws — Supreme Court & federal courts. 1) national government too weak. 2) power comes from the people. 3) to stop any one group from getting too much power. 4) people are sinful, so power needs limits.

Day 2 · Legislative Branch: Senate 100 / 2 per state / 6 yrs / 2; House 435 / by population / 2 yrs / 28. 1) balance big & small states (the Great Compromise). 2) bill introduced → passes House → passes Senate → President signs (or veto/override). 3) make laws, tax, declare war, budget.

Day 3 · Executive Branch: 1) 35+, natural-born citizen, 14 years resident. 2) 4 years; two terms. 3) rejecting a bill passed by Congress. 4) leader of the armed forces. 5) heads departments and advises the President. 6) varies.

Day 4 · Judicial Branch + Checks & Balances: veto: Exec → Leg; override: Leg → Exec; unconstitutional: Jud → Leg (or Exec); reject nominee: Leg → Exec/Jud; appoint judge: Exec → Jud. 1) 9, for life. 2) courts deciding whether a law follows the Constitution. 3) keeps any branch from getting too much power.

Day 5 · Week Review: 1) 1787. 2) Bill of Rights. 3) legislative — Congress. 4) 100; 435. 5) 35. 6) rejecting a bill; 2/3 vote of both houses. 7) 9. 8) dividing power among three branches. 9) e.g., veto. 10) opinion.

Mom's Guide

Week of Nov 3–7, 2026

Mom

Answer Keys (5/9)

Naomi · Math

Day 1 · Place Value & Rounding: Nearest thousand: 438,380 → 438,000; 555,281 → 555,000; 578,298 → 578,000; 745,695 → 746,000; 913,910 → 914,000. 1) 70,000; 700,000. 2) 423,059. 3) <, >. 4) 70,000; 68,500.

Day 2 · Adding Big Numbers: 1) 4,702, 2) 7,253, 3) 4,910, 4) 5,095, 5) 7,030, 6) 4,403, 7) 89,170, 8) 80,106, 9) 81,649, 10) 75,367, 11) 22,244

Day 3 · Subtracting Big Numbers: 1) 5,004, 2) 3,015, 3) 3,588, 4) 4,644, 5) 7,700, 6) 8,234, 7) 3,653, 8) 5,174, 9) 21,537, 10) 43,666, 11) 17,316

Day 4 · Two-Step Word Problems: 1) 2,335, 2) 2,496, 3) 18,288, 4) $645, 5) 199

Day 5 · Week Review: 1) 30,000, 2) 48,000, 3) 306,402, 4) >, 5) 8,623, 6) 56,265, 7) 5,538, 8) 23,275, 9) 8,125, 10) 7,000 - 2,000 = 5,000

Naomi · English

Day 1 · Common & Proper Nouns: C, P, P, C, P, C, P, P. Proper nouns vary. 9) On Thanksgiving, Aunt Maria drove from Georgia to Jacksonville.

Day 2 · Plural Nouns: cats, boxes, babies, leaves, children, dishes, toys, mice, cities, teeth, buses, sheep. 1) varies. 2) teeth. 3) add -es.

Day 3 · Possessive Nouns: 1) Dad's hat 2) the boys' bikes 3) the puppy's leash 4) the children's toys 5) the birds' nest 6) Grandma's Bible. 7) sister's 8) sisters' 9) cats 10) teacher's

Day 4 · Writing with Nouns: Answers vary — check for capitalized proper nouns, correct plurals/possessives, and a topic + closing sentence.

Day 5 · Week Review: 1) person, place, thing, or idea. 2) Tuesday, Pastor Mike, Jacksonville. 3) berries, benches, geese. 4) knives, days, foxes. 5) the butterfly's wings. 6) the women's coats. 7) The dogs are barking at the mailman. 8) varies (e.g., the girls' room). 9) My brother Titus was born in July. 10) varies.

Answer Keys (6/9)

Naomi · Science

Day 1 · Producers & Consumers: oak P, manatee H, alligator C, raccoon O, seagrass P, deer H, osprey C, bear O, algae P, bobcat C. 11) the sun. 12) they make their own food from sunlight. 13) omnivore — eat plants and animals.

Day 2 · Food Chains: 1) grass → grasshopper → frog → snake → hawk. 2) seagrass → sea turtle → tiger shark. 3) acorn → mouse → owl. 4) the hawk would lose food because every animal below it depends on the grass.

Day 3 · Food Webs: 1) crayfish, small fish. 2) alligator. 3) berries. 4) e.g., small fish → bass → alligator. 5) heron and raccoon — they eat crayfish. 6) animals eat many things, so energy paths overlap.

Day 4 · Decomposers: 1) bacteria, fungi/mushrooms, earthworms (also mold). 2) nutrients. 3) dead things would pile up and soil would lose nutrients.

Day 5 · Week Review: 1) makes its own food (plant). 2) eats other living things (animal). 3) herbivore, carnivore, omnivore. 4) direction energy moves (toward the eater). 5) algae → fish → pelican. 6) overlapping food chains. 7) break down dead things, return nutrients. 8) e.g., fungi. 9) the sun. 10) opinion.

Naomi · Florida History

Day 1 · The First Floridians: 1) more than 12,000 years. 2) mammoths, mastodons. 3) a large mound of discarded shells. 4) cooler, drier, bigger coastline, giant animals. 5) by studying things they left behind — tools, pottery, mounds.

Day 2 · The Timucua — Our Neighbors!: 1) northeast/north-central Florida incl. Jacksonville. 2) round, poles + palm thatch. 3) corn, beans, squash (also fish, deer, oysters). 4) dugout canoes. 5) war and disease made them disappear by the 1700s. 6) opinion.

Day 3 · Calusa & Apalachee: Timucua: NE Florida, farmed, corn/beans/squash/fish; Calusa: SW, did not farm, fish/shellfish; Apalachee: panhandle, farmed, corn. 1) the sea gave plenty of food. 2) Apalachee. 3) opinion.

Day 4 · Europeans Arrive: 1513 Ponce de León names La Florida; 1564 French build Fort Caroline (Jacksonville); 1565 Menéndez founds St. Augustine; 1607 Jamestown. 1) land of flowers. 2) Spain wanted to control Florida. 3) oldest continuously inhabited European-founded city in the U.S.

Day 5 · Week Review: 1) 12,000+ years. 2) a mound of shells. 3) Timucua. 4) corn, beans, squash. 5) Calusa. 6) Apalachee. 7) Ponce de León, 1513. 8) French fort on the St. Johns River (Jacksonville), 1564. 9) Pedro Menéndez de Avilés, 1565. 10) disease, war, loss of land/population.

Answer Keys (7/9)

Nariah · Math

Day 1 · Adding with Regrouping: 1) 41, 2) 40, 3) 74, 4) 72, 5) 62, 6) 43, 7) 83, 8) 73, 9) 80, 10) 47

Day 2 · Subtracting with Regrouping: 1) 58, 2) 22, 3) 68, 4) 58, 5) 49, 6) 24, 7) 13, 8) 39, 9) 28, 10) 17

Day 3 · Telling Time: Hour & Half Hour: 3:00, 7:30, 11:00, 1:30, 9:30, 5:00. Drawn: 4:00 (short on 4, long on 12), 8:30 (short between 8 & 9, long on 6), 12:30 (short between 12 & 1, long on 6).

Day 4 · Mix It Up!: 83, 43, 83, 36, 78, 27. Clocks 2:30, 10:00, 6:30. 7) 73 8) 27 9) 3 hours.

Day 5 · Checkpoint: 85, 84, 27, 54, 56, 28. Clocks 4:30, 8:00, 12:30. Drawn 6:00, 2:30, 11:30 — check hands.

Nariah · English

Day 1 · Short a & Short e: short a: map, jam, bag, fan; short e: hen, pet, web, ten. Reading: a — sat, bag, had, hat, cat (and 'a'); e — red, hen, Ted, pet.

Day 2 · Short i, o & u: Possible: pig/pug, hit/hot/hut, bus, dig/dog/dug, cop/cup, fox/fix, sun/son, wig, mud/mid, lick/lock/luck, fish, drum. Sort i: fish, lip, sit; o: mop, log, hot; u: bug, cup, mud.

Day 3 · Nouns: Person: sister, baker, Dad. Place: church, beach, zoo. Thing: apple, book, shoe. 1) dog, park 2) brother, truck 3) Mom, pie, table.

Day 4 · Verbs: Verbs: hop, swim, clap, kick, sing. Sentences vary (fly, play, swim, sing/pray).

Day 5 · Review & Read: 1) Gus 2) mud 3) a tub 4) e.g., Nan, dog, Gus, pit, mud, tub, bath 5) run, dig, dug, gave, shook, laugh 6) u: Gus, mud, tub; a: Nan, has, bath, had.

Nariah · Science

Day 1 · Stage 1: Egg: 1) milkweed 2) about the size of a pin head 3) 3–5 days

Day 2 · Stage 2: Caterpillar: 1) larva 2) its eggshell 3) shedding its old skin

Day 3 · Stage 3: Chrysalis: 1) a J 2) pupa 3) the caterpillar is changing into a butterfly

Day 4 · Stage 4: Butterfly: 1) its wings are wet/crumpled 2) nectar 3) Mexico. Reflection varies.

Day 5 · The Whole Cycle: butterfly 4, egg 1, chrysalis 3, caterpillar 2. 1) milkweed 2) caterpillar.

Answer Keys (8/9)

Nariah · Social Studies

Day 1 · The Mayflower: 1) the Mayflower 2) to worship God freely 3) the Atlantic Ocean

Day 2 · The Wampanoag & Squanto: 1) the Wampanoag 2) Squanto 3) a fish

Day 3 · The Harvest Feast, 1621: 1) 1621 2) 3 days 3) deer, birds, fish, corn, squash

Day 4 · Giving Thanks to God: Answers vary.

Day 5 · Review: Mayflower–ship; Squanto–planted corn; Wampanoag–Native people; 1621–harvest feast; Pilgrims–sailed from England. 1) to thank God for the harvest. 2) varies.

Titus · Math

Day 1 · Numbers 11–15: 11, 14, 12, 15

Day 2 · Numbers 16–20: 16, 18, 20, 17

Day 3 · Adding: Put Together: 5, 8, 8, 8, 10, 9

Day 4 · Taking Away: 3, 4, 5, 5, 5, 5

Day 5 · Review Day: 13, 19, 7, 6

Titus · Letters & Writing

Day 2 · M Words: Yes: moon, mop, milk, map, mouse. No: sun, dog, cat.

Day 4 · S Words: Yes: sock, sun, seal, six, soap. No: fish, bed, cup.

Titus · Science

Day 5 · My 5 Senses: eye–see, ear–hear, nose–smell, mouth–taste, hand–touch

Multiplication Mastery (Nevaeh, Nylah, Naomi, Nariah)

Day 1: 5s table: 5,10,15,...,50. Facts: 5×8=40, 8×5=40, 10×5=50, 9×5=45, 5×10=50, 2×5=10, 3×5=15, 5×1=5, 5×7=35, 5×10=50, 10×5=50, 9×5=45, 1×5=5, 5×4=20, 8×5=40, 5×10=50, 9×5=45, 5×5=25, 2×5=10, 5×5=25

Day 2: 10s table: 10,20,...,100. Facts: 8×10=80, 10×9=90, 3×10=30, 6×10=60, 10×8=80, 10×10=100, 10×1=10, 10×3=30, 6×10=60, 4×10=40, 10×6=60, 2×10=20, 10×1=10, 9×10=90, 10×7=70, 10×2=20, 10×3=30, 10×10=100, 10×1=10, 10×9=90

Day 3: Mixed: 7×10=70, 2×4=8, 10×2=20, 3×2=6, 10×5=50, 2×10=20, 1×5=5, 8×2=16, 8×0=0, 2×4=8, 5×1=5, 10×5=50, 10×7=70, 8×2=16, 5×9=45, 7×10=70, 5×10=50, 2×9=18, 0×8=0, 2×2=4, 1×9=9, 10×7=70, 1×6=6, 9×5=45, 7×2=14, 2×10=20, 10×2=20, 7×10=70, 10×7=70, 0×6=0

Day 4: Word problems: 1) 30, 2) 70, 3) 45, 4) 80, 5) 20, 6) 50. Drill: 5×4=20, 10×7=70, 5×9=45, 5×10=50, 3×10=30, 4×5=20, 1×10=10, 9×5=45, 7×10=70, 10×8=80, 9×5=45, 3×5=15, 1×10=10, 9×5=45, 3×10=30, 10×5=50, 5×4=20, 2×10=20, 5×4=20, 10×6=60

Day 5: 4×10=40, 8×2=16, 6×10=60, 4×2=8, 2×5=10, 6×10=60, 0×10=0, 8×10=80, 3×0=0, 10×4=40, 1×0=0, 2×7=14, 10×5=50, 7×0=0, 0×10=0, 4×0=0, 0×1=0, 2×2=4, 2×10=20, 5×5=25, 2×5=10, 5×1=5, 2×5=10, 2×1=2, 5×7=35, 6×0=0, 0×10=0, 6×1=6, 3×1=3, 1×5=5, 3×0=0, 10×10=100, 1×2=2, 1×1=1, 0×9=0, 2×9=18, 8×10=80, 5×8=40, 5×0=0, 10×7=70

Skip Count Stars (Titus, Nayeli)

Day 1: 30 dots. Day 3: 5, 10, 15, 20. Day 4: 20, 40, 50. Day 5: a star.
