"And we know that for those who love God all things work together for good, for those who are called according to his purpose."
Romans 8:28 (ESV) · this week's memory verse

DAY 1

Morning Work

Our school day has begun!

Naomi

Joseph · The Robe & the Dreams

"And we know that for those who love God all things work together for good, for those who are called according to his purpose."

Romans 8:28 (ESV) · memory verse

Verse song

Copy the verse:

Bible story · Genesis 37:1–11

Joseph was seventeen, and his father Jacob loved him more than his other sons. Jacob made him a robe of many colors, and his brothers hated him for it. Then Joseph had two dreams: his brothers' bundles of grain bowed down to his bundle, and the sun, moon, and eleven stars bowed down to him. When he told the dreams, his brothers hated him even more — and they were jealous. But his father kept the saying in mind. God was already at work in Joseph's story.

1. What special gift did Jacob give Joseph?

a robe of many colors | a golden crown | a new sword

2. How did Joseph's brothers feel about him?

jealous and angry | they didn't care | proud and happy

Bible word of the day

LOVE

caring for others the way God cares for us — not being jealous

Theology fact

Sin often starts in the heart. The brothers' jealousy grew quietly until it led to something terrible — so we bring our feelings to God early.

Journal: Write about a time you felt jealous. What could you do next time instead?

DAY 1

Math

Week 3 · Multiplying by One Digit · Facts, 10s & 100s

Naomi

Strong **facts** make big multiplication easy, so warm up first! To multiply by a **multiple of 10 or 100**, multiply the **basic fact**, then write the **zeros** on the end. 6 × 40: 6 × 4 = 24, add one zero → **240**. 7 × 300: 7 × 3 = 21, add two zeros → **2,100**. Careful with 5s: 5 × 400 → 5 × 4 = 20, plus two zeros → **2,000** (three zeros in all!).

Watch

Part A · Facts warm-up. Write each answer.

1. 7 × 9 = _____ **2.** 4 × 6 = _____ **3.** 7 × 8 = _____ **4.** 6 × 8 = _____ **5.** 7 × 5 = _____

6. 8 × 6 = _____ **7.** 8 × 3 = _____ **8.** 9 × 3 = _____ **9.** 4 × 5 = _____ **10.** 8 × 4 = _____

11. 5 × 8 = _____ **12.** 3 × 4 = _____ **13.** 3 × 5 = _____ **14.** 4 × 6 = _____ **15.** 4 × 4 = _____

Part B · Multiply by 10s and 100s.

1. 4 × 30 = _____ **2.** 7 × 90 = _____ **3.** 7 × 90 = _____

4. 8 × 10 = _____ **5.** 7 × 50 = _____ **6.** 4 × 20 = _____

7. 8 × 700 = _____ **8.** 9 × 400 = _____ **9.** 4 × 100 = _____

10. 9 × 800 = _____ **11.** 5 × 600 = _____ **12.** 5 × 300 = _____

Part C

1. What is 8 × 50?

400 | 40 | 4,000

2. Which is the same as 9 × 600?

9 × 6, then add one zero | 9 × 6, then add two zeros | 9 + 600

3. A pack has 30 crackers. How many crackers are in 7 packs? Show your fact.

4. Which is greater: 4 × 900 or 6 × 500?

They are equal. | 6 × 500 | 4 × 900 (3,600 is more than 3,000)

DAY 1

English

Week 3 · All About Verbs · Action Verbs

Naomi

Every sentence needs a **verb**. An **action verb** tells what the subject **does**: *run, swim, sing, bake*. Some actions happen inside your mind — *think, know, remember, love, pray* — and those are action verbs too! Test: can you put "I" or "they" in front of it? *They jump* ✔ *They table* ✘. Strong writers pick **vivid** verbs: instead of "went," try *raced, tiptoed, wandered*.

Watch

Is it an action verb? Circle Yes or No.

1. climb — Yes / No

2. pillow — Yes / No

3. whisper — Yes / No

4. happy — Yes / No

5. remember — Yes / No

6. Jacksonville — Yes / No

7. splash — Yes / No

8. under — Yes / No

Which word is the action verb?

9. The manatee nibbled the seagrass.

manatee | nibbled | seagrass

10. Naomi and Titus raced to the mailbox.

Titus | mailbox | raced

11. We pray before every meal.

meal | every | pray

12. Grandpa remembered the old hymn.

hymn | Grandpa | remembered

Replace the weak verb with a vivid one. Rewrite the sentence.

13. The dog went across the yard.

_____

14. The baby said something.

_____

15. Write a sentence about your morning with two action verbs. Underline them.

_____

_____

DAY 1

Science

Week 3 · Habitats & Adaptations · Habitats

Naomi

A **habitat** is the home where a plant or animal lives. It gives four things: **food, water, shelter, and space**. **Forests** have many trees (deer, owls, squirrels). **Deserts** get less than 10 inches of rain a year (camels, lizards, cactus). **Oceans** are salt water (sea turtles, dolphins, coral). **Wetlands** are land soaked with water, like marshes and swamps (herons, alligators). **Grasslands** are wide open fields of grass (bison, zebras, prairie dogs). Last week's food webs all live inside habitats!

Watch

Circle the habitat: F forest · D desert · O ocean · W wetland · G grassland.

1. camel (F) (D) (O) (W) (G)

2. bison (F) (D) (O) (W) (G)

3. sea turtle (F) (D) (O) (W) (G)

4. great blue heron (F) (D) (O) (W) (G)

5. black bear (F) (D) (O) (W) (G)

6. dolphin (F) (D) (O) (W) (G)

7. saguaro cactus (F) (D) (O) (W) (G)

8. zebra (F) (D) (O) (W) (G)

9. alligator (F) (D) (O) (W) (G)

10. woodpecker (F) (D) (O) (W) (G)

11. What four things does every habitat give?

only food and water | food, water, shelter, space | toys, food, water, sun

12. Which habitat gets less than 10 inches of rain a year?

wetland | forest | desert

13. Why couldn't a dolphin live in a desert?

Your backyard is a habitat! Draw it and label one source of food, water, shelter, and space.

DAY 1

Florida History

Week 3 · Spanish & French Florida · Ponce de León, 1513

Naomi

Juan Ponce de León sailed with Christopher Columbus on his second voyage in **1493** and later ruled Puerto Rico. In **April 1513** he landed on Florida's east coast — no one knows the exact spot. It was the **Easter season**, called *Pascua Florida* ("flowery Easter") in Spanish, and the land was full of flowers, so he named it **La Florida**. The "Fountain of Youth" story was mostly added **later**. In **1521** he came back to start a colony on the southwest coast, but the **Calusa** fought back and he was wounded by an arrow. He died soon after in Cuba.

Watch

Fact or legend? Circle F (fact) or L (legend).

1. Ponce de León reached Florida in 1513. F L

2. He drank from a magic Fountain of Youth. F L

3. He named the land La Florida. F L

4. He sailed with Columbus in 1493. F L

5. He was wounded fighting the Calusa. F L

6. Why did he choose the name La Florida?

His ship was named Florida. | He found gold there. | It was the Easter season and full of flowers.

7. Which country did Ponce de León sail for?

England | France | Spain

8. What happened when he returned in 1521?

He built a stone fort. | The Calusa fought back and he was wounded. | He founded St. Augustine.

9. How can you tell the difference between a fact and a legend in history?

Draw Ponce de León's ship arriving at a flowery Florida coast.

DAY 1

This week: the 3s and 4s. Read the 3s table out loud 3 times, then cover it and say it from memory. Chant it like a song: "3, 6, 9… 12, 15, 18… 21, 24, 27… 30!"

3 · 6 · 9 · 12 · 15 · 18 · 21 · 24 · 27 · 30

Watch the song

Write the 3s table. Say each fact out loud as you write it.

3 × 1 = _____ 3 × 2 = _____

3 × 3 = _____ 3 × 4 = _____

3 × 5 = _____ 3 × 6 = _____

3 × 7 = _____ 3 × 8 = _____

3 × 9 = _____ 3 × 10 = _____

Mixed 3s facts

1 × 3 = _____ 7 × 3 = _____ 1 × 3 = _____ 3 × 2 = _____ 3 × 3 = _____

3 × 1 = _____ 3 × 3 = _____ 3 × 8 = _____ 3 × 4 = _____ 2 × 3 = _____

7 × 3 = _____ 4 × 3 = _____ 3 × 6 = _____ 4 × 3 = _____ 9 × 3 = _____

3 × 1 = _____ 6 × 3 = _____ 3 × 3 = _____ 7 × 3 = _____ 3 × 9 = _____

DAY 1

Geography

Week 3 · Landforms

Naomi

A **landform** is a natural shape on Earth's surface. **Mountains** rise high with steep sides and a peak. **Hills** are lower and rounded. **Plains** are wide, flat land — great for farming. A **valley** is low land between hills or mountains, often with a river. A **plateau** is high land with a flat top and steep sides.

Watch first

1. _____

2. _____

3. _____

4. _____

5. _____

Label each picture.

hill | mountain | plain | plateau | valley

6. Which landform has a flat top and steep sides?

plateau | valley | hill

7. Where would a river most likely run?

on top of a plateau | on a mountain peak | through a valley

8. Why do many farms sit on plains?

Plains are always near volcanoes. | Plains are the coldest places. | The land is flat with good soil.

9. Is Florida mostly plains or mountains? How can you tell when we drive around?

DAY 1

Fun Electives

Kitchen Science Lab · Dancing Raisins

Naomi

Materials: 2 clear glasses, clear soda (lemon-lime or club soda), plain water, 6–8 raisins per glass.

Bubbles of **carbon dioxide** gas stick to the wrinkly raisins and lift them up like balloons. At the top the bubbles pop, and the raisins sink again!

Experiment video

Question: What will raisins do in soda compared with water?

Hypothesis: I think…

Observations: draw both glasses after 2 minutes.

1. What gas makes the bubbles in soda?

steam | carbon dioxide | oxygen

2. Why did the raisins in plain water stay on the bottom?

Raisins hate water. | There were no gas bubbles to lift them. | The water was too cold.

Conclusion: Why did the raisins dance?

DAY 2

Morning Work

Our school day has begun!

Naomi

Joseph · Sold by His Brothers

"And we know that for those who love God all things work together for good, for those who are called according to his purpose."

Romans 8:28 (ESV) · memory verse

Verse song

Copy the verse:

Bible story · Genesis 37:12–36

Jacob sent Joseph to check on his brothers, who were far away with the sheep. When they saw him coming, they plotted to kill him. Reuben talked them into throwing him into an empty pit instead, hoping to rescue him later. Then Judah said, "Let's sell him," and they sold Joseph to traders for twenty pieces of silver. They dipped his robe in goat's blood, and Jacob believed a wild animal had killed his son. Joseph was taken to Egypt as a slave — but he was not forgotten by God.

1. Where did the brothers throw Joseph?

into a river | into an empty pit | into a lion's den

2. How much did the traders pay for Joseph?

one gold coin | a camel | twenty pieces of silver

Bible word of the day

HOPE

trusting that God will bring good, even when it's hard

Theology fact

Nothing that happens to God's children is outside His care. Joseph's worst day was still part of God's good plan.

Journal: Write about a hard day you had. How was God with you?

DAY 2

Math

Week 3 · Multiplying by One Digit · 2-Digit × 1-Digit

Naomi

Write the bigger number on top and line up the ones. Multiply the **ones first**, then the tens. If the ones answer is 10 or more, **carry**: write the ones digit and carry the tens digit to the top of the tens column. Multiply the tens, then **add** the carried number. Example 47 × 6: 6 × 7 = 42 → write 2, carry 4. 6 × 4 = 24, + 4 = 28 → **282**. Problems 1–5 need no carrying.

Watch

1. 31 × 3	**2.** 20 × 2	**3.** 23 × 3	**4.** 22 × 3	**5.** 30 × 2
6. 96 × 6	**7.** 42 × 9	**8.** 43 × 5	**9.** 43 × 4	**10.** 92 × 6
11. 75 × 6	**12.** 55 × 4	**13.** 36 × 5	**14.** 69 × 5	**15.** 65 × 3

16. Each Sunday school class has 24 chairs. How many chairs are in 4 classes?

---

17. When do you carry in multiplication?

only when multiplying by 9 | every time | when a place's answer is 10 or more

18. In 38 × 5, after 5 × 8 = 40, what do you write and what do you carry?

write 0, carry 4 | write 40, carry nothing | write 4, carry 0

19. Which answer makes sense for 52 × 4? (Hint: 50 × 4 = 200)

28 | 2,008 | 208

DAY 2

English

Week 3 · All About Verbs · Linking Verbs

Naomi

A **linking verb** doesn't show action. It **links** the subject to a word that names or describes it. The most common are forms of **be**: *am, is, are, was, were, be, being, been*. Others: *become, seem*, and the sense verbs *look, feel, taste, smell, sound*. *The soup **tastes** salty* (linking). *Naomi **tastes** the soup* (action!). Trick: if you can swap in **is** and it still makes sense, it's linking.

Watch

Circle A for action verb or L for linking verb.

1. The gopher tortoise <u>is</u> slow. (A) (L)

2. Mom <u>smelled</u> the roses. (A) (L)

3. The roses <u>smelled</u> sweet. (A) (L)

4. My sisters <u>were</u> excited. (A) (L)

5. Titus <u>became</u> sleepy. (A) (L)

6. Dad <u>felt</u> the cold water. (A) (L)

7. The music <u>sounds</u> beautiful. (A) (L)

8. We <u>painted</u> the fence. (A) (L)

9. In "The alligator looks hungry," which word does *looks* link to *alligator*?

looks | the | hungry

10. Which list has only linking verbs?

am, is, were, seem | sing, look, kick, was | run, is, were, jump

11. Write a sentence with a linking verb. Circle the linking verb and underline the word it links to.

12. Use *feel* two ways: once as an action verb and once as a linking verb.

13. Which sentence uses a sense verb as a **linking** verb?

The bread smells fresh. | Mom sniffs the bread. | Titus smells the bread.

DAY 2

Science

Week 3 · Habitats & Adaptations · Physical Adaptations

Naomi

An **adaptation** is a feature that helps a living thing survive in its habitat. **Physical adaptations** are body parts or body features: a duck's **webbed feet** paddle; a camel's **hump** stores fat and its long eyelashes block sand; a polar bear's thick fur and **blubber** keep it warm; a cactus's **spines** protect it and its waxy stem holds water. **Camouflage** is coloring that blends in (a flounder on sand). **Mimicry** means looking like something dangerous — Florida's harmless scarlet kingsnake looks like a venomous coral snake!

Watch

How does each adaptation help?

Animal	Adaptation	How it helps
duck	webbed feet	
owl	big eyes	
porcupine	sharp quills	
polar bear	white fur	

5. Which is a physical adaptation?

a pelican's pouch | a bird flying south | a bear sleeping all winter

6. What does a camel's hump store?

water | sand | fat

7. What is mimicry?

looking like something dangerous | changing habitats | eating plants

8. Why do many desert plants have thick, waxy stems?

to catch fish | to hold water | to stay warm in snow

Invent an animal for a wetland. Draw it and label 3 physical adaptations.

DAY 2

Florida History

Week 3 · Spanish & French Florida · Fort Caroline — French in Jacksonville

Naomi

France wanted a piece of the New World too. In **1562 Jean Ribault** sailed into the mouth of the St. Johns River, called it the *River May*, and set up a stone column to claim the land for France. In **June 1564 René de Laudonnière** brought about 200 settlers and built **Fort Caroline**, a triangle-shaped fort of earth and wood on the St. Johns — in today's **Jacksonville**! Many were **Huguenots** (French Protestants) hoping for a place to worship freely. The Timucua chief **Saturiwa** helped them at first, but the settlers ran short of food and struggled. Today you can visit **Fort Caroline National Memorial** on the river (the fort there is a model — the real spot has never been found).

Watch

Question	Answer
Who claimed the river for France in 1562?	
Who built Fort Caroline, and when?	
What shape was the fort?	
Which Timucua chief helped the French?	

5. Who were the Huguenots?

a Florida tribe | French Protestants | Spanish soldiers

6. What did the French call the St. Johns River?

River of Flowers | River May | Saint Augustine River

7. Why did many Huguenots want to come to Florida?

to find the Fountain of Youth | to worship God freely | to trade with England

8. What problem did the Fort Caroline settlers have?

They ran short of food. | They had no river nearby. | It snowed too much.

9. Fort Caroline was built more than 450 years ago! If you visited the Memorial, what would you want to see? Why?

DAY 2

The 4s: every answer is an even number. Read the table out loud 3 times, then cover it and say it from memory. Watch the tricky ones: 4 × 6 = 24, 4 × 7 = 28, 4 × 8 = 32.

4 · 8 · 12 · 16 · 20 · 24 · 28 · 32 · 36 · 40

Watch the song

Write the 4s table. Say each fact out loud as you write it.

4 × 1 = _____ 4 × 2 = _____

4 × 3 = _____ 4 × 4 = _____

4 × 5 = _____ 4 × 6 = _____

4 × 7 = _____ 4 × 8 = _____

4 × 9 = _____ 4 × 10 = _____

Mixed 4s facts

4 × 2 = _____	3 × 4 = _____	4 × 4 = _____	1 × 4 = _____	9 × 4 = _____
4 × 1 = _____	8 × 4 = _____	4 × 1 = _____	4 × 3 = _____	4 × 8 = _____
4 × 4 = _____	6 × 4 = _____	9 × 4 = _____	3 × 4 = _____	7 × 4 = _____
4 × 1 = _____	4 × 4 = _____	4 × 5 = _____	8 × 4 = _____	4 × 5 = _____

DAY 2

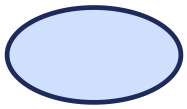

Geography

Week 3 · Bodies of Water

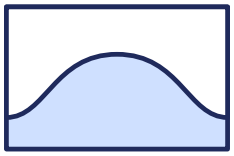

Naomi

A **body of water** is any large area of water. **Oceans** are the largest and are salt water. A **river** is fresh water flowing in a channel from a **source** to its **mouth**, where it empties into a bigger body of water. A **lake** is water surrounded by land (most are fresh). A **bay** is part of an ocean or lake that curves into the land; a **gulf** is like a bay, but usually larger.

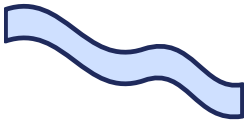

Watch first

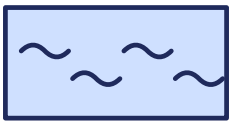

1. _____

2. _____

3. _____

4. _____

Label each picture.

bay | lake | ocean | river

Fresh water (F) or salt water (S)?

5. Atlantic Ocean (F) (S)

6. Lake Okeechobee (F) (S)

7. Pacific Ocean (F) (S)

8. Mississippi River (F) (S)

9. Tampa Bay (F) (S)

10. Lake Michigan (F) (S)

11. Where a river empties into the ocean is called its…

source | mouth | peak

12. Which body of water would you most like to visit? Why?

DAY 2

Fun Electives

Artist Study · Claude Monet · Water Lilies

Naomi

Claude Monet (1840–1926) was a French painter and a leader of **Impressionism** — painting quick, loose brushstrokes to capture light and color in a moment instead of every tiny detail. His painting *Impression, Sunrise* (1872) gave the movement its name. At his home in Giverny he dug a pond, built a Japanese-style bridge, and planted **water lilies** — then painted them about 250 times, in morning light, afternoon light, and evening light!

Draw-along

Monet's story

1. What does an Impressionist painter try to capture?

only people's faces | every tiny detail, like a photo | light and color in a moment

2. Why did Monet paint the same pond again and again?

Draw-along: your own water-lily pond. Water first (blues and purples, side-to-side strokes), then lily pads, then flowers. Smudge or blend for soft light. Add the bridge if you like.

My art is called: _____

DAY 3

Morning Work

Our school day has begun!

Naomi

Joseph · Faithful in Egypt

“And we know that for those who love God all things work together for good, for those who are called according to his purpose.”

Romans 8:28 (ESV) · memory verse

Verse song

Copy the verse:

Bible story · Genesis 39

Joseph was bought by Potiphar, an officer of Pharaoh. “The LORD was with Joseph,” and everything he did went well, so Potiphar put him in charge of his whole house. When Potiphar's wife tried again and again to get him to sin, Joseph refused: “How then can I do this great wickedness and sin against God?” She lied about him, and Joseph was thrown into prison for doing right. But even in prison the LORD was with him, and the keeper of the prison put Joseph in charge.

1. What was the name of the Egyptian officer who bought Joseph?

Pharaoh | Potiphar | Pilate

2. Who was with Joseph even in prison?

his brothers | nobody | the LORD

Bible word of the day

FAITHFUL

doing what is right again and again, even when no one sees

Theology fact

Joseph saw sin as sin against God first. Faithfulness means pleasing God whether we are rewarded or not.

Journal: Write one way you can be faithful at home this week, even when no one sees.

DAY 3

Math

Week 3 · Multiplying by One Digit · 3-Digit × 1-Digit

Naomi

Same steps, one more place: **ones, tens, hundreds**. After each step, add the number you carried. Watch out for **zeros**: in 406 × 7, 7 × 6 = 42 → write 2, carry 4. 7 × 0 = 0, + 4 = **4** (don't forget the carry!). 7 × 4 = 28 → **2,842**. Check: 406 is about 400, and 400 × 7 = 2,800 — close! ✔

Watch

1. 123 × 5	**2.** 689 × 3	**3.** 852 × 8	**4.** 480 × 6	**5.** 306 × 6
6. 695 × 9	**7.** 943 × 7	**8.** 722 × 4	**9.** 297 × 7	**10.** 203 × 2
11. 770 × 8	**12.** 553 × 2	**13.** 406 × 7	**14.** 705 × 4	**15.** 380 × 6

16. A church van drives 245 miles each month. How many miles in 6 months?

17. Estimate 512 × 8 by rounding 512 to the nearest hundred.

500 × 8 = 4,000 | 600 × 8 = 4,800 | 512 + 8 = 520

18. A farm packs 168 strawberries in each crate. How many strawberries are in 5 crates?

19. For 274 × 3, what is the first step?

3 × 4 = 12: write 2, carry 1 | 3 × 7 = 21: write 21 | 3 × 2 = 6: write 6

DAY 3

English

Week 3 · All About Verbs · Helping Verbs

Naomi

A **helping verb** comes before the **main verb** and helps it. Together they make a **verb phrase**: *Naomi **is reading**. We **will visit** Grandma. The kids **have finished**.* Learn the helping verbs in groups: **am, is, are, was, were, be, being, been · has, have, had · do, does, did · can, could · will, would · shall, should · may, might, must**. The **main verb is always last** in the verb phrase.

Watch

Write the helping verb and the main verb.

Sentence	Helping verb	Main verb
The birds are singing.		
Mom has baked bread.		
We should clean our room.		
Titus can whistle.		
The river was rising.		

Circle the helping verb that fits.

6. Naomi (is / are) learning her verses.
7. They (have / has) gone to church.
8. I (am / is) helping Dad.
9. She (does / do) not like spiders.

10. Which sentence has a verb phrase?

The pelicans dove. | The pelicans were diving. | Pelicans eat fish.

11. In a verb phrase, where is the main verb?

it can be anywhere | first | last

12. Write a sentence with a helping verb from the *can, could, should* group. Underline the whole verb phrase.

DAY 3

Science

Week 3 · Habitats & Adaptations · Behavioral Adaptations

Naomi

Behavioral adaptations are things an animal **does** to survive. **Migration**: moving to a new place each season — monarch butterflies fly to Mexico, and American white pelicans spend the winter in Florida. **Hibernation**: a deep winter sleep where the body slows way down (groundhogs, some bats). Opossums **play dead**; fish swim in **schools**; many animals hunt at night (**nocturnal**). Camouflage works best with a behavior: a rabbit **freezes** so its brown fur hides it. Many behaviors are **instincts** — God built them in, no one teaches them.

Watch

Circle P (physical) or B (behavioral).

1. a monarch flies to Mexico — P B

2. a duck's webbed feet — P B

3. a groundhog hibernates — P B

4. an opossum plays dead — P B

5. a turtle's hard shell — P B

6. a bat hunts at night — P B

7. a fish swims in a school — P B

8. an alligator's strong jaws — P B

9. Why do some birds migrate south in fall?

to lay eggs in snow | to find warmer weather and food | to visit other birds

10. What happens to an animal's body during hibernation?

it slows way down | it speeds up | it grows a new tail

11. What is an instinct?

a trick an animal is taught | a kind of habitat | a behavior an animal is born knowing

12. Pick one animal. Describe one physical AND one behavioral adaptation it has.

DAY 3

Florida History

Week 3 · Spanish & French Florida · Menéndez & St. Augustine

Naomi

King Philip II of Spain was angry that France was building in Florida, so he sent **Pedro Menéndez de Avilés**. Menéndez sighted land on **August 28, 1565** — the feast day of **St. Augustine**, so that became the town's name. On **September 8, 1565**, he came ashore near a Timucua village, held a church service, and shared a meal — 56 years before the Pilgrims' Thanksgiving. The French under Ribault sailed south to attack, but a **hurricane** wrecked their ships. Menéndez marched his soldiers about 40 miles north through the storm and captured **Fort Caroline** on **September 20, 1565**, renaming it **San Mateo**. Many French were killed, and Spain took control of Florida.

Watch

Number the events in order (1–5).

_____ A hurricane wrecks the French ships.

_____ Menéndez sights land on St. Augustine's feast day.

_____ French Huguenots build Fort Caroline.

_____ Menéndez captures Fort Caroline.

_____ Menéndez comes ashore and founds St. Augustine.

6. Why was the city named St. Augustine?

- Land was sighted on the feast day of St. Augustine.
- Menéndez's son was named Augustine.
- A Timucua chief chose it.

7. On what date was St. Augustine founded?

- July 4, 1776
- April 2, 1513
- September 8, 1565

8. What helped Menéndez defeat the French?

- A hurricane wrecked the French fleet.
- England sent help.
- The French gave up without a fight.

9. What did Spain rename Fort Caroline?

- San Mateo
- La Florida
- San Marcos

10. St. Augustine is the oldest continuously lived-in European city in the continental U.S. Why do you think it lasted when Fort Caroline didn't?

DAY 3

Mix-up day! Say the 3s and 4s tables out loud once each. Then do all 30 facts — they include the 0s, 1s, 2s, 5s, and 10s you already know. Circle any you had to stop and think about, and practice those 3 extra times.

Watch the song

Mixed facts

4 × 5 = ____	3 × 10 = ____	6 × 4 = ____	2 × 9 = ____	3 × 4 = ____
5 × 9 = ____	0 × 2 = ____	8 × 2 = ____	4 × 7 = ____	2 × 10 = ____
3 × 1 = ____	2 × 4 = ____	5 × 8 = ____	7 × 10 = ____	4 × 6 = ____
5 × 2 = ____	2 × 4 = ____	8 × 3 = ____	4 × 7 = ____	3 × 9 = ____
4 × 6 = ____	4 × 2 = ____	1 × 0 = ____	2 × 8 = ____	2 × 5 = ____
3 × 4 = ____	5 × 3 = ____	10 × 1 = ____	5 × 2 = ____	9 × 3 = ____

Facts I circled (write each one 3 times):

DAY 3

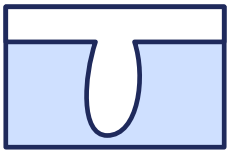

Geography

Week 3 · Islands, Peninsulas & Isthmuses

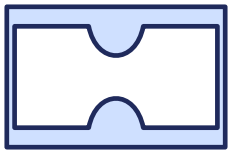

Naomi

An **island** is land surrounded by water on all sides; a group of islands is an **archipelago** (like Hawaii). A **peninsula** is land surrounded by water on three sides — Florida is one of the most famous peninsulas in the world! An **isthmus** is a narrow strip of land that connects two larger land areas, with water on both sides (the Isthmus of Panama joins North and South America).

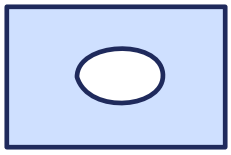

Watch first

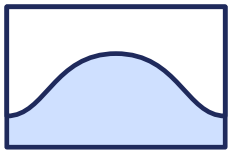

1. _____

2. _____

3. _____

4. _____

Label each picture.

bay | island | isthmus | peninsula

5. Hawaii is a chain of islands. What is that called?

an isthmus | a plateau | an archipelago

6. Which country is a boot-shaped peninsula in Europe?

Japan | Egypt | Italy

7. Which connects North and South America?

the Andes | the Nile River | the Isthmus of Panama

8. Florida touches water on three sides. Name two of those bodies of water.

Bonus: draw your own island and give it a name.

DAY 3

Fun Electives

Musician Study · J. S. Bach · Soli Deo Gloria

Naomi

Johann Sebastian Bach (1685–1750) was a German composer of the **Baroque** era and one of the greatest musicians who ever lived. For his last 27 years he led the music at St. Thomas Church in Leipzig, writing new music for worship almost every week. Bach often wrote **"S.D.G."** at the end of his music — *Soli Deo Gloria*, "To God alone be the glory." His "Jesu, Joy of Man's Desiring" comes from a church cantata (1723). Bach and his two wives had 20 children, and several of his sons became famous composers too.

Listen here

Bach's story

Listen to	Fast or slow?	Loud or soft?	Instruments I hear / how it makes me feel
Jesu, Joy of Man's Desiring			
Air (from Orchestral Suite No. 3)			
Brandenburg Concerto No. 3, 1st movement			

1. What does "Soli Deo Gloria" mean?

The end of the song | Music is my life | To God alone be the glory

2. Bach lived during which era of music?

Modern | Baroque | Romantic

Write S.D.G. at the bottom of your best paper today! What could you do this week to give God the glory?

DAY 4

Morning Work

Our school day has begun!

Naomi

Joseph · Pharaoh's Dreams

"And we know that for those who love God all things work together for good, for those who are called according to his purpose."

Romans 8:28 (ESV) · memory verse

Verse song

Copy the verse:

Bible story · Genesis 41

Pharaoh had two dreams no one could explain: seven fat cows eaten by seven thin cows, and seven full ears of grain swallowed by seven thin ones. Joseph was brought from prison and said, "It is not in me; God will give Pharaoh a favorable answer." God showed him the meaning: seven years of plenty, then seven years of famine. Joseph told Pharaoh to store up grain in the good years. Pharaoh put Joseph — now thirty years old — in charge of all Egypt.

1. What animals were in Pharaoh's first dream?

cows · lions · camels

2. What job did Pharaoh give Joseph?

baker for the king · shepherd of Pharaoh's sheep · ruler over all Egypt

Bible word of the day

WISDOM

knowing the right thing to do — a gift from God

Theology fact

Every good gift comes from God. Joseph gave God the credit, and God used Joseph's wisdom to save many lives.

Journal: God gave Joseph wisdom. Write something you need wisdom for, and ask God for it.

DAY 4

Math

Week 3 · Multiplying by One Digit · Word Problems

Naomi

Multiply when you have **equal groups** and want the total. Clue words: **each, every, per, in all, times**. Read the problem, circle the numbers, underline the question, solve with the standard steps, and write your answer with a **label** (crayons, miles, $). In a **two-step** problem, solve step 1 first, then use that answer in step 2.

Watch

1. A box holds 24 crayons. How many crayons are in 6 boxes?

Work: Answer (with label):

2. Each pew at church seats 8 people. There are 37 pews. How many people can sit down?

Work: Answer (with label):

3. A pelican flies 128 miles a week along the coast. How many miles in 4 weeks?

Work: Answer (with label):

4. Mom buys 7 bags of oranges. Each bag has 15 oranges. How many oranges?

Work: Answer (with label):

5. Two steps: Museum tickets cost $14 each. Dad buys 6 tickets and pays with a $100 bill. How much change does he get?

Work: Answer (with label):

6. Which clue words usually mean multiply?

each, every, in all | share equally | left, fewer, take away

7. A pack of gum has 5 pieces. Which number sentence finds the pieces in 9 packs?

9 + 5 | 9 × 5 | 9 - 5

DAY 4

English

Week 3 · All About Verbs · Verb Tenses

Naomi

A verb's **tense** tells **when**. **Past** = already happened: most verbs add **-ed** (*walked*); if it ends in consonant + y, change y to i (*hurried*). **Irregular** verbs change their spelling (*run → ran, eat → ate, go → went*). **Present** = now (*walks, walk*). **Future** = will happen: use the helping verb **will** (*will walk*). Keep one tense in a story unless the time changes.

Watch

Fill in the chart. (Present: use he or she.)

Verb	Past	Present (she…)	Future
walk			
jump			
hurry			
run			
eat			
write			

Circle the correct verb. Look for time clues!

1. Yesterday we (picked / will pick) strawberries.
2. Tomorrow Dad (will grill / grilled) burgers.
3. Last week Naomi (wrote / writes) a letter.
4. Right now the baby (sleeps / slept).

5. Which sentence is in future tense?

We sang at church. | We will sing at church. | We sing at church.

6. Which past-tense verb is irregular?

jumped | played | went

7. Write three sentences about a trip to the beach: one past, one present, one future.

DAY 4

Science

Week 3 · Habitats & Adaptations · Florida Habitats

Naomi

Florida is full of habitats! The **St. Johns River** is Florida's longest river (about 310 miles) and one of the few that flows **north** — right through Jacksonville to the Atlantic. Its **wetlands** clean water and are nurseries for fish. The **manatee** is a gentle herbivore that eats seagrass; cold water below about 68°F can make it sick, so in winter it **migrates** to warm springs like Blue Spring on the St. Johns. The **alligator** has eyes and nostrils on **top** of its head so it can hide underwater and still see and breathe. The **gopher tortoise** lives in dry, sandy uplands and uses shovel-like front legs to dig burrows about **15 feet long** — more than 350 other kinds of animals use them!

Watch

Animal	Habitat	Physical adaptation	Behavioral adaptation
manatee			
alligator			
gopher tortoise			

1. Which way does the St. Johns River flow?

west | north | south

2. Why do manatees gather at warm springs in winter?

to hunt fish | cold water can make them sick | to find sand to dig in

3. How does the alligator's head help it hunt?

it has a beak | it has a long neck | eyes and nostrils on top let it hide underwater

4. Why is the gopher tortoise's burrow important to other animals?

5. Name a Florida habitat near your home and one animal you have seen there.

DAY 4

Florida History

Week 3 · Spanish & French Florida · Missions & the Castillo

Naomi

In the 1600s, Spanish **Franciscan friars** built **missions** across north Florida to teach the Timucua, Guale, and Apalachee people about Christianity (you can visit rebuilt **Mission San Luis** in Tallahassee). St. Augustine had only wooden forts, and in **1668** the English pirate **Robert Searles** raided the town. So Spain built a stone fort: the **Castillo de San Marcos**, from **1672 to 1695**. It is made of **coquina** — a rock of tiny shells stuck together — dug on Anastasia Island. Cannonballs sank into the soft stone instead of cracking it! In **1702** English soldiers from Carolina burned the town, but about 1,500 people sheltered inside for nearly two months and the Castillo never fell. It is the oldest masonry (stone) fort in the continental U.S.

Watch

Year	What happened?
1668	
1672	
1695	
1702	

1. What is coquina?

rock made of tiny shells stuck together | a kind of wood | Spanish for brick

2. Why did Spain build a stone fort?

France asked them to. | The wooden forts weren't strong enough after a pirate raid. | They had too much stone.

3. What happened when cannonballs hit the coquina walls?

They bounced back at the ship. | They sank into the stone instead of cracking it. | The walls fell down.

4. What was the purpose of the Spanish missions?

DAY 4

Multiplication Mastery

Week 3 · Word Problems + Speed Drill

Naomi

"Each" and "every" are clue words to multiply. Write the multiplication fact, then the answer.

Watch the song

1. A tricycle has 3 wheels. How many wheels are on 7 tricycles?

Fact: _____ Answer: _____

2. Each chair has 4 legs. How many legs do 6 chairs have?

Fact: _____ Answer: _____

3. Mom packed 3 crackers for every kid. There are 8 kids. How many crackers?

Fact: _____ Answer: _____

4. A pack holds 4 juice boxes. How many juice boxes are in 9 packs?

Fact: _____ Answer: _____

5. Nylah read 3 chapters every day for 5 days. How many chapters did she read?

Fact: _____ Answer: _____

6. There are 4 quarters in a dollar. How many quarters are in 7 dollars?

Fact: _____ Answer: _____

Speed drill — Mom times 2 minutes. Time: _____

7 × 4 = ____	3 × 1 = ____	4 × 2 = ____	3 × 3 = ____	10 × 3 = ____
4 × 9 = ____	5 × 3 = ____	4 × 2 = ____	3 × 5 = ____	3 × 3 = ____
2 × 4 = ____	4 × 8 = ____	3 × 2 = ____	3 × 6 = ____	10 × 3 = ____
1 × 4 = ____	4 × 5 = ____	10 × 4 = ____	4 × 3 = ____	8 × 3 = ____

DAY 4

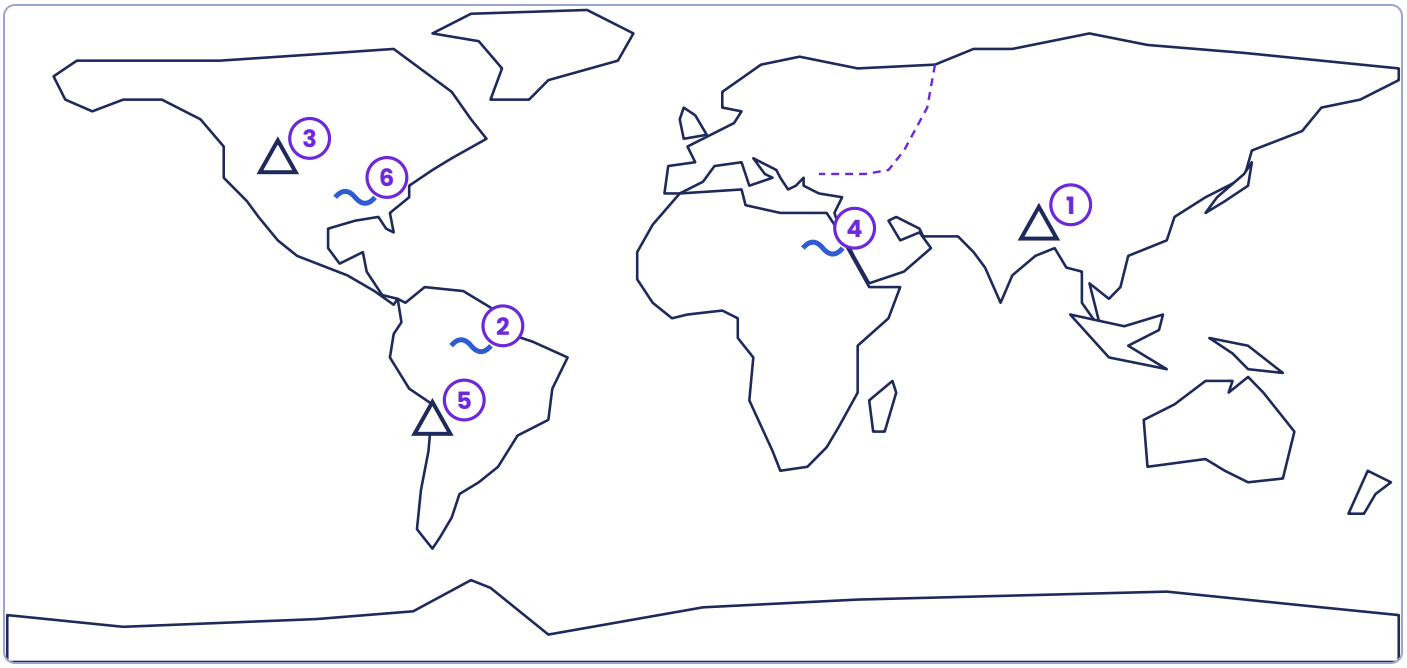

Geography

Week 3 · Great Rivers & Mountains

Naomi

Mount Everest in the Himalayas (Asia) is the highest mountain above sea level — about 29,032 feet (8,849 m). The **Nile** (Africa, about 4,130 miles) is usually called the longest river, and the **Amazon** (South America) carries the most water. The **Andes** are the longest mountain range on land. In North America, the **Mississippi River** flows south to the Gulf, and the **Rocky Mountains** run through the West.

Watch first

Match each place to its number on the map. (▲ = mountains, ∿ = river)

1. Nile River — 1 2 3 4 5 6

2. Amazon River — 1 2 3 4 5 6

3. Mississippi River — 1 2 3 4 5 6

4. Himalayas — 1 2 3 4 5 6

5. Andes Mountains — 1 2 3 4 5 6

6. Rocky Mountains — 1 2 3 4 5 6

7. Which river carries the most water?

the St. Johns | the Nile | the Amazon

DAY 4

Fun Electives

Life Skills Club · Emergency Ready: 9-1-1

Naomi

9-1-1 is for emergencies only: a fire, someone badly hurt or not breathing, a crime or danger happening right now. On the call: stay calm, say **what** is happening and **where** (your address), answer the dispatcher's questions, and **don't hang up** until they tell you to. If there's a fire: get out, stay out, and go to the family meeting spot.

911 video

When to call

Emergency (E) or not an emergency (N)?

1. Smoke is coming from the kitchen. E N

2. The internet is down. E N

3. A sibling is choking and can't breathe. E N

4. A stranger is trying to break in. E N

5. I can't find my shoes. E N

6. Someone fell and is bleeding a lot. E N

7. What should you do before you hang up?

Wait until the dispatcher says it's OK. | Call a friend first. | Hang up right after saying "help."

My Emergency Card (fill in with Mom — keep it by the phone, not on the tablet)

My full name: _____

My parents' names: _____

My street address: _____

City, state, ZIP: _____

Mom's or Dad's phone: _____

Our family meeting spot outside: _____

DAY 5

Morning Work

Our school day has begun!

Naomi

Joseph · God Meant It for Good

"And we know that for those who love God all things work together for good, for those who are called according to his purpose."

Romans 8:28 (ESV) · memory verse

Verse song

Copy the verse:

Bible story · Genesis 45:1–15; 50:20

The famine came, and Joseph's brothers went to Egypt to buy grain. They bowed before the ruler — not knowing it was Joseph! Finally Joseph wept and said, "I am your brother, Joseph, whom you sold into Egypt." He forgave them and brought the whole family to Egypt. Years later he told them, "As for you, you meant evil against me, but God meant it for good, to bring it about that many people should be kept alive."

1. Why did the brothers come to Egypt?

to buy grain (food) | to fight Egypt | to visit the pyramids

2. What did Joseph do when he saw his brothers?

He threw them in prison forever. | He sent them away hungry. | He forgave them.

Bible word of the day

FORGIVE

letting go of getting even, like God lets go of our sins

Theology fact

Joseph points us to Jesus: rejected by His brothers, He suffered, and God turned it into salvation for many. We forgive because we are forgiven.

Journal: Is there someone you need to forgive? Write what you could say to them.

DAY 5

Math

Week 3 · Multiplying by One Digit · Week Review

Naomi

Review quiz! 10 problems. Write problems 5–8 up and down and show your carrying. Goal: 8 of 10 (80%).

1. 7 × 8

2. 9 × 6

3. 40 × 7

4. 6 × 300

5. 32 × 3

6. 47 × 6

7. 253 × 4

8. 608 × 5

9. A bookshelf has 5 shelves with 126 books on each. How many books?

10. Naomi buys 4 packs of stickers with 25 in each. She gives away 18. How many are left?

Score: _____ / 10

DAY 5

English

Week 3 · All About Verbs · Week Review

Naomi

Review quiz — verbs. Goal: 8 of 10.

1. What does an action verb tell?

what the subject looks like | where something is | what the subject does

2. Write the action verb: *The osprey snatched a fish.*

3. In "The pie smells delicious," *smells* is a…

linking verb | helping verb | action verb

4. Name four forms of the verb *be*.

5. Find the verb phrase: *The children have planted a garden.*

planted a garden | children have | have planted

6. Write a sentence with a helping verb and underline the main verb.

7. Past tense of *carry*:

carries | carryed | carried

8. Write the past and future of *sing*.

9. Fix the tense: *Tomorrow I swam in the pool.*

Tomorrow I swimmed in the pool. | Tomorrow I swims in the pool. | Tomorrow I will swim in the pool.

10. Use *taste* as an action verb in one sentence and as a linking verb in another.

DAY 5

Science

Week 3 · Habitats & Adaptations · Week Review

Naomi

Review quiz — habitats and adaptations. Goal: 8 of 10.

1. What is a habitat?

an animal's body part | a kind of food | the home where a living thing lives

2. Name the four things a habitat gives.

3. Which habitat is land soaked with water?

desert | grassland | wetland

4. What is an adaptation?

5. A duck's webbed feet are a…

physical adaptation | behavioral adaptation | habitat

6. Migration means…

sleeping all winter | blending in | moving to a new place each season

7. Give one example of camouflage.

8. Why do manatees swim to warm springs in winter?

to find gopher tortoises | cold water can make them sick | to lay eggs

9. Where does the gopher tortoise live?

the deep ocean | the Arctic | dry, sandy uplands

10. Job 12:7 says, “Ask the beasts, and they will teach you.” What has an animal taught you about God's design?

DAY 5

Florida History

Week 3 · Spanish & French Florida · Week Review

Naomi

Review quiz — Spanish & French Florida. Goal: 8 of 10.

1. Who named La Florida, and in what year?

Ponce de León, 1513 | Menéndez, 1565 | Ribault, 1562

2. What does *Pascua Florida* mean?

3. Who built Fort Caroline in 1564?

French Huguenots | English pirates | Spanish friars

4. Where was Fort Caroline?

5. Who founded St. Augustine, and on what date?

6. How did a hurricane help Spain in 1565?

It wrecked the French ships. | It destroyed St. Augustine. | It blew Menéndez home.

7. What did Spanish friars build across north Florida?

lighthouses | missions | railroads

8. The Castillo de San Marcos was built from ___ to ___.

9. What is coquina made of?

tiny shells | red clay | sand and wood

10. Explain why the Castillo was never captured.

DAY 5

Multiplication Mastery

Week 3 · Saturday Checkpoint

Naomi

Checkpoint! 40 facts. Mom times you — aim to finish in 4 minutes. Goal: **32 or more right (80%)**. Circle any you miss, and practice those on Monday.

1 × 5 = _____	4 × 7 = _____	10 × 4 = _____	4 × 3 = _____
2 × 8 = _____	4 × 6 = _____	5 × 5 = _____	3 × 4 = _____
6 × 2 = _____	4 × 2 = _____	4 × 3 = _____	4 × 2 = _____
4 × 1 = _____	1 × 4 = _____	3 × 2 = _____	2 × 2 = _____
1 × 4 = _____	4 × 5 = _____	4 × 7 = _____	1 × 7 = _____
4 × 2 = _____	10 × 5 = _____	4 × 4 = _____	1 × 9 = _____
3 × 6 = _____	4 × 5 = _____	1 × 5 = _____	10 × 3 = _____
6 × 3 = _____	8 × 10 = _____	5 × 5 = _____	4 × 2 = _____
3 × 3 = _____	6 × 10 = _____	4 × 5 = _____	3 × 3 = _____
10 × 10 = _____	5 × 9 = _____	6 × 10 = _____	3 × 2 = _____

Score: _____ / 40 Time: _____

Facts I need to practice:

DAY 5

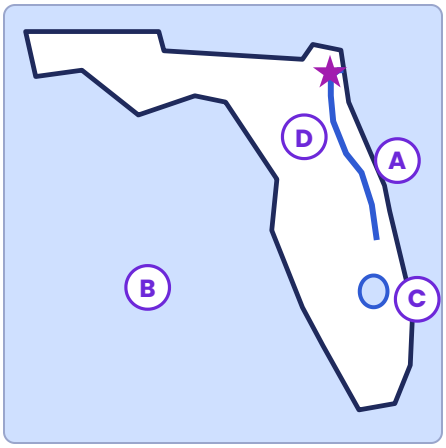

Geography

Week 3 · Florida's Land & Water + Review

Naomi

Florida's land & water: Florida is a low, flat peninsula — its highest point, Britton Hill, is only 345 feet high, the lowest high point of any state. The **St. Johns River** (about 310 miles) is Florida's longest river and flows **north**, emptying into the Atlantic near Jacksonville. **Lake Okeechobee** is Florida's largest lake.

Watch first

Match each letter on the map.

1. St. Johns River — A B C D

2. Lake Okeechobee — A B C D

3. Atlantic Ocean — A B C D

4. the Gulf — A B C D

Week review — 8 of 10 to pass (the 4 map letters count too).

5. High land with a flat top and steep sides:

valley | plain | plateau

6. Land with water on three sides:

isthmus | island | peninsula

7. Where a river begins:

its source | its bay | its mouth

8. Which way does the St. Johns River flow?

west | north | south

9. Name the largest lake in Florida.

10. What is a valley?

DAY 5

Fun Electives

PE Day · Backyard Relay Races

Naomi

Make two teams (big kids pair up with littles). Each race: one runner at a time goes to the cone and back, then tags the next teammate. Time each team. Water break between races!

Relay ideas

Race	How	Team 1 time	Team 2 time
Running relay	run to the cone and back, tag the next runner		
Spoon relay	carry a potato or ball on a spoon — drop it, start over		
Sack hop	hop inside a pillowcase		
Crab-walk relay	tummy up, hands and feet		
Wheelbarrow	partner holds your ankles; walk on your hands		
Backwards walk	walk backwards — no peeking!		
Ball-between-knees	squeeze a ball between your knees and waddle		

1. What makes a relay team fast?

- skipping the hard races
- one fast runner doing everything
- quick, clean tags and everyone doing their part

Which race was hardest? Why?
