Mom's Guide

Week of Nov 10–14, 2026

Mom

This Week at a Glance

Every kid has **one packet** with the whole week in order: **Day 1 (Tue) → Day 5 (Sat)**. Inside each day the order is always the same: Morning Work → core subjects → Multiplication / Skip Count → Speech → Geography → Elective. Each day starts on a fresh sheet so you can pull one day at a time if you want. Shared pages (geography, electives, multiplication, speech) are already copied into each kid's packet — no extra copies needed.

Printing: print double-sided, "flip on long edge." Nothing uses yellow ink. To save ALL color ink, choose "Grayscale" in your printer settings — every page still works in black and white.

Kid	What's in the packet
Nevaeh (8th)	Morning (Joseph) · **Math Crash Course Week 2 of 12** (fractions: all four operations) · English: punctuation power · Science: matter & its changes · History: the road to Revolution · Multiplication W3 (3s & 4s) · Geography W3 (Tier C) · Electives (Tier C)
Nylah (7th)	Morning · **Math Crash Course Level 3** (multiplication & division) · English: sentence building · Science: human body systems · Civics: the Bill of Rights · Multiplication W3 · Geography (Tier C) · Electives (Tier C)
Naomi (4th)	Morning · Math: multiplying by one digit · English: verbs · Science: habitats & adaptations · Florida History: Spanish & French Florida (Fort Caroline!) · Multiplication W3 · Geography (Tier B) · Electives (Tier B)
Nariah (2nd)	Morning · Math Level 2 (money & time to 5 minutes, with a regrouping warm-up daily) · English: long vowels & describing words · Science: how plants grow · Social Studies: American symbols (Veterans Day on Wed) · Multiplication W3 · Speech Stars W3 (TH) · Geography (Tier A) · Electives (Tier A)
Titus (K)	Morning · Math: more, less & shapes · Letters: Aa & Pp · Science: animal homes · Skip Count Stars W3 (2s) · Speech Stars W3 (TH) · Geography (Tier A) · Electives (Tier A)
Nayeli (Pre-K)	Mini morning sheet · Pre-K animal of the day (dot marker, trace, sticker — matches Titus's animal homes) · her own Skip Count Stars & Speech Stars pages

Supplies

All week: dot markers, stickers, crayons/colored pencils, counting bears (3 colors), a small mirror (speech — TH "tongue peek"), globe/atlas. **Geography:** play-dough (Day 1–3), a cup of salt water (Day 2), a shallow pan of water (Day 3), yarn (Day 4). **Tue:** clear soda (lemon-lime or club soda), raisins, 2 clear glasses per group, water (Tier C: a few corn kernels or pasta pieces). **Wed:** white paper or cardstock, crayons or oil pastels (blues, purples, greens, pinks). **Thu:** just the QR music. **Fri:** nothing to buy — fill in the Emergency Cards together. **Sat:** backyard, 2 cones or shoes for markers, a spoon + potato/ball, pillowcases, a ball, timer, water bottles. **Science:** Nariah's bean sprout bag starts Day 2 (2–3 dry beans, a paper towel, a zip bag, tape for a sunny window). Titus: a short walk to look for nests (Day 1) and a blanket over a table for a "bear den" (Day 3). Nevaeh (optional): baking soda + vinegar demo for Days 3–4. **Social Studies:** Nariah makes a thank-you card for a veteran on Veterans Day (Wed) — you write the words. **Optional field trip:** Fort Caroline National Memorial is right here in Jacksonville (Naomi's Day 2).

DAY 1 · Tuesday

Week of Nov 10–14, 2026

Mom

Teaching Together — Lesson Plans

Order of the day for together subjects: Multiplication → Speech → Geography → Elective. About 10–15 minutes each.

Multiplication Mastery · The 3s

Plan: Chant the 3s table together 3 times (clap on each answer). Cover it and go around the room — each kid says the next fact. Then pages. Titus & Nayeli: count by 2s and dot the 2s on 1–20.

TV: Song

TV: Skip count

Speech Stars · Tongue Peek: Quiet TH (Nariah, Titus, Nayeli)

Plan: Mouth Gym (1 min). Teach the tongue peek: tongue tip just between the teeth, blow air — "thhh." Use the mirror so they can see it. Go down the quiet TH list (thumb, think…); color a star for each good one. Listen for "f" ("fumb").

TV: Watch & copy

Geography · Landforms

Goal: Everyone can name and picture 5 landforms: mountain, hill, plain, valley, plateau.

TV: Geography

Gather: Play-dough or a pile of pillows/blankets, globe or atlas, dot markers for Titus & Nariah.

Teach (5 min): Build the landforms together out of play-dough (or pillows under a blanket): a tall pointy mountain, a low round hill, a flat plain, a valley between two mountains, and a plateau with a flat top. Say each word as you build it. God made the land in all these shapes!

Do together: Point and say: kids race to touch the one you name. Ask: which is Florida mostly like? (plains — very flat!)

Worksheets: Tier A (Titus & Nariah): 3 tap questions, dot the mountain and hill tops, trace "hill." Tier B (Naomi) & C (Nevaeh, Nylah): label the pictures + questions; C adds U.S. examples and erosion.

Ask: If you could climb any landform, which would it be and why?

Kitchen Science Lab · Dancing Raisins

TV: Video

Gather: 2 clear glasses per group, clear soda (lemon-lime or club soda — freshly opened), plain water, raisins (Tier C: a few corn kernels or pasta pieces).

Before: Ask: what will raisins do in soda? In water? Everyone predicts (Tier A draws it).

Steps: 1) Fill one glass with water and one with soda. 2) Drop 6–8 raisins into each. 3) Watch for 2 minutes — look at the bubbles collecting on the soda raisins. 4) Record. 5) Tier C: add a smooth food to test whether the wrinkles matter.

Explain: Soda has carbon dioxide gas dissolved in it. Bubbles grab onto the wrinkly raisins like little life jackets and float them up. At the top the bubbles pop, the raisins sink — and they repeat until the soda goes flat. In water there's no gas, so they just sit.

Tiers: A: draw both glasses, 2 taps, trace "bubbles." B: hypothesis, observations, 2 taps, conclusion. C: full explanation (density, buoyancy) + variable test.

DAY 2 · Wednesday

Week of Nov 10–14, 2026

Mom

Teaching Together — Lesson Plans

Order of the day for together subjects: Multiplication → Speech → Geography → Elective. About 10–15 minutes each.

Multiplication Mastery · The 4s

Plan: Chant the 4s table 3 times. Quick oral quiz: you say "4 times 7," they shout the answer. Drill the tricky ones (4×6, 4×7, 4×8). Then pages. Titus & Nayeli: pairs of socks by 2s.

TV: Song

TV: Skip count

Speech Stars · Buzzy TH (Nariah, Titus, Nayeli)

Plan: Mouth Gym. Buzzy TH: same tongue peek, voice on — hands on throats to feel the buzz. Little words: the, this, that, they. Listen for "d" ("dis," "dat").

TV: Watch & copy

Geography · Bodies of Water

Goal: Tell apart river, lake, ocean, bay and gulf; know fresh water from salt water.

Gather: Two cups of water — stir salt into one (taste test!), the play-dough landforms from yesterday, blue crayons.

TV: Geography

Teach (5 min): Taste test: which water is like the ocean? (salty) Rivers and most lakes are fresh. Pour a little water down a play-dough "valley" — that's a river! It starts at its source and ends at its mouth. Show a bay: water that curves into the land.

Do together: Find the St. Johns River on a map — it runs right through Jacksonville into the Atlantic. Fresh or salt? (Fresh, but salty near the ocean.)

Worksheets: Tier A: color the water, 3 tap questions, trace "lake." Tier B/C: label pictures, F/S sort; Tier C adds the Great Salt Lake question.

Ask: Why do you think people build towns next to rivers?

Artist Study · Claude Monet · Water Lilies

Gather: White paper or cardstock, crayons or oil pastels (blues, purples, greens, pinks), paper towels for smudging. The draw-along video is the TV link up top.

TV: Video

TV: Story

Before: Play the Monet story video. Show a Water Lilies painting (search "Monet Water Lilies" in a museum site or book) — ask: is it sharp like a photo or soft and blurry? Why?

Steps: 1) Water first: side-to-side strokes of blue and purple. 2) Lily pads: green ovals with a little notch. 3) Flowers: pink and white petals on a few pads. 4) Smudge with a finger or towel for soft light. 5) Optional: add the Japanese bridge across the top.

Talk about: Impressionists painted light and color in a moment. Monet painted his pond about 250 times because the light kept changing — God's world looks new every hour!

Tiers: A: draw-along + 1 tap. B: 2 questions + pond + title. C: same plus explaining time of day / light.

DAY 3 · Thursday

Week of Nov 10–14, 2026

Mom

Teaching Together — Lesson Plans

Order of the day for together subjects: Multiplication → Speech → Geography → Elective. About 10–15 minutes each.

Multiplication Mastery · 3s & 4s Mix-Up

Plan: Chant both tables once. Flash-card round with 0s, 1s, 2s, 3s, 4s, 5s, 10s. Then the 30-fact page — have them circle and re-write any they hesitated on. Titus & Nayeli: froggy hops by 2s.

TV: Song

TV: Skip count

Speech Stars · TH at the End (Nariah, Titus, Nayeli)

Plan: Mouth Gym. TH at the end: bath, tooth, mouth. Stretch the last sound and keep the tongue peeking. Listen for "f" at the end ("baf," "toof"). Point-and-say game: tooth, teeth, mouth, thumb.

TV: Watch & copy

Geography · Islands, Peninsulas & Isthmuses

TV: Geography

Goal: Island, peninsula, isthmus — and Florida is a peninsula!

Gather: A shallow pan of water and play-dough (or a plate with blue paper), a Florida map or atlas.

Teach (5 min): In the pan, make an island (water all around), a peninsula (land connected on one side, water on 3 sides), and an isthmus (a skinny land bridge between two big pieces). Then show Florida on the map: water on 3 sides — a peninsula!

Do together: Find on the globe: Hawaii (islands), Italy (peninsula, shaped like a boot), Panama (isthmus joining North & South America).

Worksheets: Tier A: color the Florida map, 2 tap questions. Tier B/C: label pictures + questions; Tier C adds how being a peninsula affects Florida.

Ask: Would you rather live on an island or a peninsula? Why?

Musician Study · J. S. Bach · Soli Deo Gloria

TV: Video

TV: Story

Gather: The music video (TV link up top). Optional: scarves for the littles.

Before: Tell Bach's story in 1 minute (or play the "Meet Bach" video). Show them S.D.G. — "To God alone be the glory." Remind them it's the same idea as our "All For His Glory."

Steps: 1) Play "Jesu, Joy of Man's Desiring" — eyes closed. Ask: is it fast or slow? Can you hum the flowing notes? 2) Play it again: littles draw, big kids fill in the listening table. 3) Big kids look up and listen to "Air (on the G String)" and Brandenburg Concerto No. 3 if time allows.

Fun fact: Bach had 20 children, and many of his musical sons became composers too. He wrote new music for church nearly every week in Leipzig.

Tiers: A: draw to the music, fast/slow & loud/soft, trace S.D.G. B: listening table + 2 taps + S.D.G. at the bottom of their best paper. C: same + 1 Corinthians 10:31 reflection.

DAY 4 · Friday

Week of Nov 10–14, 2026

Mom

Teaching Together — Lesson Plans

Order of the day for together subjects: Multiplication → Speech → Geography → Elective. About 10–15 minutes each.

Multiplication Mastery · Word Problems + Speed Drill

Plan: Read the word problems out loud together for Nariah. Then time the 2-minute speed drill and write the time on the page. Titus & Nayeli: review 2s, 5s, 10s with counting bears.

TV: Song

TV: Skip count

Speech Stars · Phrases & Sentences (Nariah, Titus, Nayeli)

Plan: Mouth Gym. Phrases — slow and clear. Nariah reads the sentences; Titus & Nayeli echo after you. Praise effort, not just perfect sounds.

TV: Watch & copy

Geography · Great Rivers & Mountains

TV: Geography

Goal: Find the world's great rivers and mountains on a map.

Gather: Globe or atlas world map, a string or yarn (to "measure" rivers).

Teach (5 min): Show Mount Everest in the Himalayas (Asia) — the highest mountain, about 29,032 feet (about 5½ miles up!). Trace the Nile (Africa, longest river) and the Amazon (South America, carries the most water). Then find the Mississippi, the Rockies, and the Andes.

Do together: Lay yarn along the Nile and the Mississippi on the globe — which is longer? (the Nile)

Worksheets: Tier A: dot the mountains, trace the rivers, 1 tap question, draw a mountain with a river. Tier B/C: match numbers 1–6; C adds two questions.

Ask: What do you think it's like on top of Mount Everest? (cold, windy, little air)

Life Skills Club · Emergency Ready: 9-1-1

TV: Video

TV: Story

Gather: Your phone (powered OFF or in airplane mode for practice!), pencils. Have each kid's Emergency Card filled in with your real address and phone — keep the cards by the phone, not on the tablets.

Before: Watch the Emergency Ernie video. Ask: what is an emergency? What is NOT an emergency?

Steps: 1) Sort the emergencies together. 2) Role-play a 9-1-1 call with the phone OFF: you are the dispatcher — "9-1-1, what is your emergency? What is your address?" 3) Each kid practices saying their full name, address and a parent's phone number. 4) Walk outside to pick a family meeting spot (mailbox, a tree) for a fire.

Tiers: A: trace 911, 4 taps, say name/street/Mom's name, draw a helper. B: E/N sort, tap question, Emergency Card. C: same + two ways out of the house.

DAY 5 · Saturday

Week of Nov 10–14, 2026

Mom

Teaching Together — Lesson Plans

Order of the day for together subjects: Multiplication → Speech → Geography → Elective. About 10–15 minutes each.

Multiplication Mastery · Saturday Checkpoint

Plan: Checkpoint: 40 facts, 4 minutes. 32+ = pass. Note any missed facts for Monday practice. Titus & Nayeli: dot-to-dot by 2s, then count to 20 by 2s, 50 by 5s, and 100 by 10s for you.

TV: Skip count

Speech Stars · Game Board Review (Nariah, Titus, Nayeli)

Plan: Game day! Roll and move; say the word on the square. Fill in your check at the bottom: which TH sounds are solid, which need more practice next week.

TV: Watch & copy

Geography · Florida's Land & Water + Review

TV: Geography

Goal: Florida's land and water + week review.

Gather: Globe, atlas, a Florida map if you have one.

Teach (5 min): Florida is a flat peninsula — its highest point, Britton Hill, is only 345 feet! Trace the St. Johns River: it flows NORTH (one of the few big U.S. rivers that does) and meets the Atlantic near Jacksonville. Find Lake Okeechobee, Florida's biggest lake.

Do together: Review game: call out a word (mountain, peninsula, island, river, plateau, bay) — the kids make it with their hands or point to it on the globe.

Worksheets: Tier A: trace the river, review taps, show-me checklist. Tier B/C: Florida map letters + review (8 of 10 to pass).

Ask: Week 3 done! Next week: weather & climate. Which landform or body of water was your favorite?

PE Day · Backyard Relay Races

TV: Video

Gather: Backyard, 2 cones (or shoes) as markers, a spoon and potato or small ball, pillowcases, a ball, timer, water bottles.

Before: Warm up: 20 jumping jacks, high knees, arm circles. Make 2 teams — pair big kids with littles so it's fair.

Steps: Run each relay: running, spoon, sack hop, crab walk, wheelbarrow (big kid holds a little's ankles gently), backwards walk, ball-between-knees. Time each team. Water break every 2 races. Cheer for both teams!

Cool down: Slow walk around the yard, then stretch. Talk about good sportsmanship: shake hands, "good game," encourage each other.

Tiers: A: medal checklist + 1 tap + favorite race. B: time table + tap + hardest race. C: time table + sportsmanship reflection (Hebrews 12:1).

Morning Work

Morning Work — Joseph

Theme this week: **Joseph**. Memory verse for everyone: **Romans 8:28 (ESV)** — the littles say the shorter part.

Day	Reading	Story	Greek · Word
Day 1	Genesis 37:1–11	The Robe & the Dreams	zēlos · Love
Day 2	Genesis 37:12–36	Sold by His Brothers	elpis · Hope
Day 3	Genesis 39	Faithful in Egypt	peirasmos · Faithful
Day 4	Genesis 41	Pharaoh's Dreams	sophia · Wisdom
Day 5	Genesis 45:1–15; 50:20	God Meant It for Good	aphesis · Forgive

Romans 8:28 ESV song

Joseph story video

Speech Stars

Speech Stars Week 3 — Tongue Peek (TH) (10 minutes a day). After Bunny Teeth & Tails (F/V, final K), this week teaches TH: the tongue tip peeks between the teeth. Quiet TH (thumb) is just air; buzzy TH (this) has the voice on. Common swaps to listen for: “f” for TH (“fumb,” “baf”), “d” for buzzy TH (“dis”), or “s” (“sank you”). A small mirror helps a lot.

Nevaeh's Math Crash Course — 12-week roadmap

This is **Week 2: fractions**. Saturday's checkpoint is 15 problems — 12 right (80%) passes. If she scores under 12, re-teach the missed skills at the start of next week before Week 3 (decimals & money).

1. **Week 1:** Whole numbers & order of operations
2. **Week 2:** Fractions: all four operations
3. **Week 3:** Decimals & money
4. **Week 4:** Ratios, rates & unit rates
5. **Week 5:** Percents (discount, tax, tip)
6. **Week 6:** Integers & the number line
7. **Week 7:** Expressions & the distributive property
8. **Week 8:** One- and two-step equations & inequalities
9. **Week 9:** Exponents, square roots & scientific notation
10. **Week 10:** Geometry: angles, area, volume
11. **Week 11:** Slope & linear functions (graphing lines)
12. **Week 12:** Pythagorean theorem + data & statistics

Nylah's Math Crash Course

Her 7-level ladder (K → 7th) moves up to **Level 3: multiplication & division** (standard methods only — carrying and long division). Every lesson starts with a worked example. Saturday's Level 3 Checkpoint is 12 problems — 10 right passes, and Level 4 (fractions) is next. If not, we re-teach Level 3. (If she didn't pass last week's Level 2 checkpoint, tell me and I'll swap in a Level 2 review week.)

Naomi & Nariah

Naomi: multiplying by one digit with the standard algorithm (carrying). **Nariah:** Level 2 — coins and time to 5 minutes, with a short regrouping warm-up every day so Level 1 stays fresh. Her Saturday checkpoint is 8 of 10.

Answer Keys (1/12)

Nevaeh · Math Crash Course

Day 1 · Equivalent & Simplest Form: A) 1) 4/5, 2) 2/7, 3) 3/5, 4) 2/3, 5) 1/4, 6) 1/5, 7) 3/4, 8) 7/8 (GCFs: 6, 8, 3, 5, 4, 5, 4, 5). B) 9) 6, 10) 3, 11) 10. C) 12) 3 5/7, 13) 6 8/9, 14) 4 1/6, 15) 4 1/8, 16) 8/5, 17) 7/5, 18) 13/9, 19) 19/3. 20) 9/15. 21) 6. 22) 8/15. 23) 9/2.

Day 2 · Adding & Subtracting Fractions: 1) 1 7/10, 2) 9/20, 3) 1 11/24, 4) 11/12, 5) 13/24, 6) 1/12, 7) 1/30, 8) 1/18, 9) 9 1/14, 10) 6 5/6, 11) 4 13/15, 12) 3 11/24. 13) 24. 14) 5/6. 15) borrow (3 1/5 = 2 6/5). 16) 2 3/4 - 1 1/3 = 33/12 - 16/12 = 1 5/12 cups.

Day 3 · Multiplying Fractions: 1) 1/8, 2) 8/15, 3) 1/5, 4) 6/35, 5) 1/3, 6) 4 1/6, 7) 10, 8) 8 1/3, 9) 7 7/12, 10) 3 1/18. 11) 3/10. 12) change 2 1/3 to 7/3. 13) smaller than both. 14) 18 kids. 15) 3 2/3 feet.

Day 4 · Dividing Fractions: 1) 1 1/2, 2) 5/6, 3) 1 1/3, 4) 1 5/9, 5) 2/5, 6) 9, 7) 3 1/3, 8) 2 5/8, 9) 2 5/6. 10) 2/5. 11) 1/7. 12) multiply 3/8 × 4/1 (= 1 1/2). 13) 6 bows. 14) 1/6 pound.

Day 5 · Week 2 Checkpoint: 1) 2/3, 2) 4 5/6, 3) 23/7, 4) 1 7/12, 5) 17/24, 6) 8 9/10, 7) 3 7/12, 8) 1/6, 9) 3, 10) 1 1/4, 11) 4. 12) 2/5. 13) 20. 14) 7/3. 15) 1/4. Pass = 12+/15; below 12 → re-teach missed skills next week.

Nevaeh · English

Day 1 · Commas: 1 C, 2 N (Yes,), 3 C, 4 N (Orlando, Florida), 5 C, 6 N (Bible, a pencil, and). 7) Friday, March 6, 2026, at noon. 8) Savannah, Georgia, for. 9) Well, I think… 10) Nylah, Naomi, and Titus… 11) May 12, 1968, in Atlanta, Georgia.

Day 2 · Semicolons & Colons: 1 :, 2 ;, 3 :, 4 ;, 5 : (10:30), 6 ;, 7 : (Psalm 23:1), 8 ;. 9) My favorite fruits are these: mango, kiwi, and pears. 10) The power went out; we lit candles. 11) I studied hard; however, the test was still tricky. 12–13 vary.

Day 3 · Quotation Marks & Dialogue: 1) “Let's go to the park,” said Naomi. 2) Dad asked, “Who left the gate open?” 3) “If it rains,” Titus said, “we'll play inside.” 4) We sang “Amazing Grace” at church. 5) Pastor James said, “Remember to bring your Bible.” 6) “Can I help with dinner?” asked Nevaeh. 7) varies — check marks, commas inside, new line per speaker.

Day 4 · Apostrophes: 1) its 2) They're 3) Dad's 4) girls' 5) It's 6) children's 7) Whose 8) apples. 9) can't 10) I'd 11) we've 12) shouldn't. 13) the bird's nest 14) my brothers' bikes 15) the children's toys. 16) The Smiths' van… 17) varies (e.g., It's sad that the dog hurt its paw).

Day 5 · Week Review: 1) We visited St. Augustine, Florida, on June 3, 2025. 2) after church (After church, we…). 3) colon. 4) The game was over; we headed home. 5) “Are you ready?” asked Mom. 6) it's. 7) The dog's bowl is empty, and the two cats' bowls are too. 8) Titus shouted, “Look at that huge rainbow!” 9) varies (…; therefore, …). 10) varies (complete sentence + colon + list with commas).

Answer Keys (2/12)

Nevaeh · Science

Day 1 · States of Matter: Solid: yes, yes, packed tight & vibrate in place. Liquid: no, yes, close but slide past each other. Gas: no, no, far apart, fast, every direction. 1) melting 2) condensation 3) evaporation 4) sublimation 5) freezing 6) move faster & spread apart 7) gas particles from the cookies move fast and spread out to fill the space.

Day 2 · Physical vs. Chemical Changes: 1 P, 2 C, 3 C, 4 P, 5 C, 6 P, 7 C, 8 P, 9 C, 10 P. 11) It can burn. 12) shiny and orange-brown. 13) salt is still salt / can be recovered. 14) chemical — a new black substance (carbon) forms; you can't undo it. 15) varies (e.g., boiling water / toasting bread).

Day 3 · Chemical Reactions: 1) Reactants: iron (Fe), oxygen (O_2); Product: iron oxide (Fe_2O_3). 2) Reactants: methane (CH_4), oxygen (O_2); Products: carbon dioxide (CO_2), water (H_2O). 3) Reactants: sodium bicarbonate ($NaHCO_3$), hydrochloric acid (HCl); Products: sodium chloride (NaCl), water, carbon dioxide. 4) antacid bubbles. 5) ice melting. 6) precipitate. 7) yields. 8) light given off. 9) e.g., gas bubbles (dough rises), color change (browns), new smell.

Day 4 · Conservation of Mass: Table (left/right): 1) H 4/4, O 2/2 — balanced; 2) C 1/1, H 4/4, O 4/4 — balanced; 3) Mg 2/2, O 2/2 — balanced; 4) N 2/2, H 6/6 — balanced. 5) C 12, H 24, O 12 (48 atoms). 6) No — O 2 vs 1. 7) 60 g. 8) CO_2 gas escaped. 9) atoms are rearranged, never created or destroyed (conservation of mass).

Day 5 · Week Review: 1) solid 2) far apart & move freely 3) condensation 4) frying an egg 5) flammability 6) reactants 7) 4. 8) any 3: gas bubbles, color change, temperature change/light, precipitate, new odor. 9) Yes — Na 2/2, Cl 2/2. 10) Mass is not created or destroyed in a reaction; atoms rearrange (e.g., sealed bag of baking soda + vinegar weighs the same before and after).

Answer Keys (3/12)

Nevaeh · History

Day 1 · The French & Indian War: 1) Ohio River Valley. 2) Britain & colonists vs. France & Native allies. 3) Spain gave Florida to Britain. 4) the war nearly doubled its debt; it planned to tax the colonists. 5) settling west of the Appalachians. 6) opinion (e.g., angry — they fought for that land and were then kept out of it).

Day 2 · The Stamp Act, 1765: 1) printed paper (newspapers, documents, cards). 2) only a government with their elected representatives could tax them. 3) refusing to buy goods. 4) the boycott hurt British merchants; but the Declaratory Act claimed Parliament could still make any laws for the colonies (and new taxes followed). 5) glass, lead, paint, paper, tea. 6) opinion.

Day 3 · Boston Massacre & Tea Party: 1) March 5, 1770 — five. 2) one of the five colonists killed. 3) it spread anger (propaganda). 4) he defended unpopular soldiers so they would get a fair trial, even though the crowd was against them. 5) dumped 342 chests of tea into Boston Harbor. 6) opinion (for: protest against unfair tax; against: destroyed others' property, about £9,000+ of tea).

Day 4 · 1774–1775: War Begins: 1) closed Boston Harbor. 2) Georgia. 3) boycott British goods; petition King George III (also: meet again in May 1775). 4) to seize weapons/gunpowder. 5) Lexington & Concord began the war. 6) e.g., they feared they could be next / unity among colonies. Order: Tea Party 1, Intolerable Acts 2, First Continental Congress 3, Lexington & Concord 4 (so: #7 Lexington = 4, #8 Intolerable = 2, #9 Tea Party = 1, #10 Congress = 3).

Day 5 · Week Review: 1) Timeline: French & Indian War 1754 (1), Stamp Act 1765 (2), Boston Massacre 1770 (3), Boston Tea Party 1773 (4), First Continental Congress 1774 (5), Lexington & Concord 1775 (6). 2) pay war debt. 3) taxes passed without colonists' representation. 4) John Adams. 5) Intolerable Acts. 6) Paul Revere and William Dawes. 7) Britain. 8) pressure Britain economically by refusing to buy its goods. 9) opinion with reasons.
